School – Parent Contract

In an effort to increase cooperative effort among the school, parents/guardians, and community, our district has developed a School-Parental Contract outlining the manner in which parents/guardians, and school staff share responsibility for improved student achievement in meeting academic standards. The school's responsibility defined in the contract is to provide a high-quality curriculum and a supportive and effective learning environment that will enable students to meet the district's academic standards. Parents/guardians suggested responsibilities for supporting their children's learning include monitoring attendance, homework completion, and television. Additionally, the contract emphasizes the importance of parent-teacher communication on an ongoing basis through, at a minimum, parent-teacher conferences, frequent reports to parents/guardians, and reasonable access to staff. For your convenience, listed below are district and parent expectations that we feel must be present to ensure the academic success of your child.

The District's Promise

- Provide a safe and healthy school environment.
- Provide a classroom environment that represents a genuine culture for learning.
- Provide access to appropriate tools of learning.
- Create conditions for students to become active, responsible, participants in the learning environment.
- Encourage students to become self-directed, lifelong learners, and productive citizens.

The Parent's Suggested Responsibilities

- Develop in your children the character traits necessary for success in school and in life such as good manners, self-respect for others, personal responsibility for words and actions, and kindness.
- Be a positive role model for your child.
- Maintain high expectations for your child.
- Make sure your child arrives at school on time, well rested, appropriately dressed, well fed, and ready to learn every day.
- Demonstrate that learning is important (read with your child, watch educational programs on television, visit places of educational interest.)
- Read to, or listen to your child read daily.

- Provide a time and place with supplies for quiet study and encourage good study habits.
- Limit the amount of time and content of your student's television viewing.
- Monitor your student's computer time and Internet access.
- Limit extra-curricular activities to ensure your child has enough time and energy to complete homework assignments.
- Encourage your child to use his or her assignment book and inspect it daily.

- Attend as many school functions as possible.

The Wilson Area School District's power is students, staff, administration, and parents working together to meet educational goals that will produce individuals that are prepared to compete in today's world. We believe that with a strong partnership between the schools and home every child will achieve.

HIGHLY QUALIFIED TEACHERS

The Wilson Area School District strives to ensure that all core content teachers employed by the District are highly qualified as defined by the Federal "No Child Left Behind" Legislation. Parents may request information regarding the professional qualifications of their child's teacher(s) and of paraprofessionals who provide instructional services to their children. Any request should be given in writing to the building principal of the child's school.

....GO FORTH TO SERVE

SECTION 1 – GENERAL INFORMATION AND POLICIES

REPORTING TO SCHOOL

Students are to report to school from 7:30-7:35 a.m. Students are permitted at their lockers from 7:30-7:42 a.m. and must report to Period 1 by 7:43 a.m. Students reporting after 7:43 a.m. must report to the office for a late slip and sign into the building. The only acceptable excuses for lateness are those written and signed by a parent for reasons such as illness or a doctor/dentist appointment. The Assistant Principal will decide on any questionable excuses.

CHILD ABSENCES

High school parents are asked to call the school on the morning of a child's absence. Please call the main office at 484-373-6030 or call the attendance line by 8:00 a.m. on the day of the child's absence, at 484-373-6037. After the message, identify yourself and tell us your child's name, grade, and reason for absence.

If a parent or guardian does not call their child off of school, the parent will receive a call at home or work to confirm the student's absence from school. The district requires a parent to contact the school when a student is absent from school. Parents can contact the school by phone, email or provide a written excuse.

Students missing 3 or 4 class periods will be charged with a half-day absence. Students missing more than 4 class periods will be charged as a full day absence. Failure to provide appropriate acceptable reason will result in designation as unexcused.

WILSON AREA SCHOOL DISTRICT ATTENDANCE POLICY

The Wilson Area School District expects all students to attend school on a regular basis and all parents to abide by State and local regulations regarding attendance. Absenteeism and tardiness interrupt the student's educational program and interfere with academic success.

The School District encourages cooperation and communication among parents, teachers, and administrators in upholding the laws regarding attendance, enforcing district policy, and providing the maximum benefits of education to our students.

Excused Absences

Excused absences are administrative authorized absence from schools and granted for the following reasons:

1. Personal illness
2. Death in the immediate family
3. Major religious holidays
4. Emergencies - parents should contact the school as soon as possible.
5. Educational Family Trip – excused absences may be granted by the building Principal, not to exceed five (5) days in the school year, for educational family trips. At the discretion of the Superintendent, up to ten (10) additional days in the school year may be granted by the Superintendent, with prior approval. Consecutive days beyond fifteen (15) total days will require that the student be withdrawn from the District.

SECTION 1 – GENERAL INFORMATION AND POLICIES

Permission to be absent for an Educational Trip will be granted only under the following conditions:

1. The parent or guardian must complete a "Request for Excused Absence" form, available in each school office, prior to the trip.
2. Approval for excused absences, not to exceed a total of five (5) days for the school year, will be at the discretion of the building principal and granted to students who do not have attendance issues.
3. Consideration will be given to the student's attendance record and academic progress.
4. Requests for additional days, not to exceed ten (10) days for the school year, must be submitted to the Superintendent in writing, prior to the trip.
5. Absences for educational family trips, which have not received prior approval, will be deemed unexcused.

Truant

Three (3) or more school days of unexcused absences during the current school year by a child subject to the compulsory school attendance law.

Habitually Truant

Six (6) or more school days of unexcused absences during the current school year by a child subject to the compulsory school attendance law.

Unexcused Absences

Absences other than for the reasons already explained will be considered to be unexcused. When a student is charged with an unexcused absence, parents are liable to legal action under the laws of the State of Pennsylvania. Examples of unlawful absences include: cutting classes, skipping school, missing a bus, illegal employment and any other excuse that is not acceptable according to the School Code. Failure to provide a doctor's excuse, when required, will also be considered to be unexcused.

School time missed, due to chronic tardiness to school without a written legal excuse, may be accumulated and converted to an equivalent number of days of unexcused absence.

When an absence is determined as unexcused, the parents or guardian will be notified electronically, by phone or by letter after each of the first two offenses.

The District will notify parents or guardians in writing within ten (10) school days of the student's third unexcused absence that the child has been truant.

When a student has reached six (6) days of unexcused absences the District will notify parents or guardians in writing within ten (10) school days of the student's six (6) unexcused absences that the student is habitually truant. The student will also be required to participate in an attendance improvement conference. This conference is defined, under law, as a conference where the child's absences and reason for absences are examined in an effort to improve attendance. The following individuals will also be invited to the conference:

- The student
- The person in parental relation to the student

SECTION 1 – GENERAL INFORMATION AND POLICIES

- Other individuals identified by the person in parental relation who may be a resource
- Appropriate school personnel
- Recommended service provider
- Magisterial District Judge

The District is required to make meaningful attempts to encourage parent participation in attendance improvement conferences by advance written notice and attempts to communicate via telephone. The District will hold the conference even if the parent and/or the student declines to participate or fails to attend. A written attendance improvement plan will be developed during the conference. Any further offenses after the attendance improvement conference could result in legal action against the parent or guardian.

When a student's absence is unexcused, the student may not have the opportunity to make up missed schoolwork

Returning to School Following an Absence

When a student is absent from school, the District requires that a written excuse accompany the student upon his/her return to school. The excuse must indicate the dates of absence, give the reason for the absence, and should bear the date on which it was written. Failure to produce a written excuse could result in an unexcused absence. When a student is absent for three or more consecutive days, a doctor's excuse may be required when the student returns to school. Doctors' excuses may be required for all absences if a student is excessively absent from school. Excessive absenteeism shall constitute absences exceeding ten (10) days for the school year. Doctor's excuses and request for excused absence shall not be counted toward the days specified above. Parents will be notified when doctor's excuses are required.

Participation in School Related Activities

Students who are absent from school will not be permitted to attend or participate in school-sponsored activities held the day or evening of the absence. This would include field trips, dances, concerts, plays, sporting events, etc. The only exception is absence due to approved trip/activity involvement as a representative of the school (student field trips, conferences, etc.) or planned pre-approved college trips that cannot be otherwise scheduled. The District will approve up to three (3) days per year for college trips for Juniors and Seniors. Any additional college visits will be counted as unexcused absences. Attendance on Friday is required for school-related activities scheduled on Saturday or Sunday, unless otherwise pre-approved by the principal. A student must be in attendance a full day on the day of activity, or on Friday for a Saturday activity, and may not report later than 8:05 a.m. to be eligible to participate. **Students must have prior administrative approval for all appointments in order to maintain eligibility. A student sent home due to illness is not permitted to participate that day.**

SNOW DELAYS AND SCHOOL CANCELLATIONS

Parents are notified of cancellations, delays and/or early dismissals via School Messenger. Calls for cancellations and delays will occur at approximately 6:00 a.m. This information is also posted on the school districts website and sent to the local radio and television stations.

EARLY DISMISSAL PROCEDURE

In no case is a pupil to leave school during the day without permission from a high school administrator. **If such permission is necessary, the pupil must bring to the high school office before 7:43 a.m. a written request from home, stating the exact time at which he is to be dismissed and the reason for leaving school early.** Students excused from school for medical appointments are expected to have a medical appointment form completed at the doctor's office and return it to school. Failure to validate attendance at the appointment will result in the determination as an unexcused absence. Students completing appointments are expected to return to school for the completion of the academic day if one or more instructional periods remain. Release for appointments is not a "Day Off."

Requests for early dismissal for haircuts or hairdresser appointments, car appointments, baby-sitting, gown fittings, etc. will NOT be granted. A student will not be permitted to drive another student to appointments.

BUS REGULATIONS

Riding the school bus is a privilege. Improper conduct on the buses will result in that privilege being denied. Some district buses do utilize surveillance cameras to monitor student behavior. Students can lose their riding privileges from three (3) days up to a full year depending upon the severity of the infraction. It is the responsibility of the student to be aware of these rules and regulations.

SECTION 1 – GENERAL INFORMATION AND POLICIES

Only students who normally ride the bus will be permitted to board, unless a note has been received and signed by the principal or the assistant principal granting permission. The school district has initiated a form entitled School Bus Incident Report to Parents, informing them by mail, of a disciplinary action taken involving their child. The particular incident could have jeopardized the safety and well being of all students on the bus.

The infractions listed are:

- A. Improper Boarding/Departing Procedures
- B. Bringing Articles Aboard Bus of Injurious or Objectionable Nature
- C. Failure to Remain Seated
- D. Refusing to Obey Driver
- E. Fighting/Pushing/Tripping
- F. Hanging Out of Window
- G. Throwing Objects In or Out of Bus
- H. Lighting Matches/Smoking on Bus
- I. Spitting/Littering
- J. Unnecessary Noise
- K. Tampering with Bus Equipment
- L. Rude, Discourteous and Annoying Conduct
- M. Destruction of Property
- N. Other Behavior Relating to Safety, Well Being and Respect for Others

A space for listing the Specific Details is provided on the form. The above incidents are not to be tolerated by school bus drivers and the following procedures will be taken as punitive action when any of the infractions occur:

1. A verbal warning to student/written to parent
2. Loss of riding privileges for three days
3. Loss of riding privileges for one week to two weeks as severity demands
4. Loss of riding privileges for the remainder of the year

These are to be regarded as guidelines to follow in most instances and can be altered. If the incident is of a severe nature, immediate steps may be taken to deal with the situation. Bus drivers have the freedom to assign seats as they deem necessary. Incidents determined to require additional action may result in disciplinary actions beyond bus suspension.

DRIVING REGULATIONS

STUDENTS ONLY are permitted to park in the designated student parking lot. The student lot is the large parking lot with the entrance on Washington Boulevard.

Students' cars must have a valid student parking sticker issued at the high school office at a cost of \$2.00 each. Each car must have a separate sticker. Inappropriate use of car registration will result in revoking of student parking privileges and invalidation of that sticker.

Students must register cars in the first week of school or at any point that a new or different car is obtained. **Incoming seniors will be given the opportunity to register prior to the start of the school year.** After the first week of school any car found parked in the Student Parking Lot without a valid permit will be referred to police.

SECTION 1 – GENERAL INFORMATION AND POLICIES

Any infraction of rules while on the lot or operation of the vehicle in a dangerous or disorderly fashion will result in loss of the permit for the year. Permits will be issued to reflect the number of spots available in the student lots. Seniors will be given first priority. The lot on the corner of Warrior Lane and Washington Boulevard must be vacated by 3:00 p.m. in the fall and spring.

A student who wishes to have a parking permit and park on the school lot during regular business hours agrees to permit a search of the vehicle if school officials determine that reasonable suspicion exists. Students assume responsibility for vehicles parked in the student parking lot. The school is not responsible for any damage done to a vehicle while parked in the lot.

GUIDANCE OFFICE REGULATIONS

Students are not admitted to the guidance office without a "Guidance Office" pass, except in an emergency. Passes are to be obtained before school in the guidance office.

Students may only schedule appointments during their normal study hall period. Anyone reporting to guidance during a study hall must first report to the assigned study hall for attendance before reporting to the guidance office.

Students may obtain passes to meet with a counselor, use the computer or college room.

MEDICAL ROOM REGULATIONS

The medical room is located off the main lobby. Students are not admitted to the medical room without a pass issued by a teacher, except in an emergency. Students are to report directly to the nurse upon receiving their pass.

Students may receive required physical examinations, sport physicals, driver's permit physicals, and working paper physicals by the school physician at no expense to the student. No physical examinations will be given without written permission from a parent or guardian.

When the physical examination is to be done by the school physicians, arrangements should be made through the school nurse. The physicals are done in the medical room.

Parents are requested to complete emergency and medical information on their child prior to the first day of school. These forms can be accessed on Skyward. This will provide our nursing staff with medical information, permission to administer standing order medications such as Tylenol, Midol and Tums as well as updated emergency contact information for their child. If a student becomes ill, a parent or parent designated adult must be notified before the student is sent home from school. **Students are not to call parents without first reporting to the school nurse for evaluation. Students are not permitted to call or text parents by cell phone to be released from school for medical reasons. The school nurse will make parental contact.**

SECTION 1 – GENERAL INFORMATION AND POLICIES

STUDENT MEDICATION POLICY

The Board of Directors prefers that prescription and non-prescription medicines needed by students be administered at home under the supervision of their parent/guardian and physician whenever possible. However, the School District recognizes that some students need medication during the school day. Therefore, the District will permit the administration of prescription and non-prescription medications during school when the procedures in this policy are followed.

Except as provided in this policy regarding asthma inhalers and other self-administered medications, or in a Section 504 Plan or IEP, no student shall be allowed to keep medicine on their person and any medication, prescription or non-prescription, must be brought to the nurse by the parent in a properly labeled container and must be kept in the health room. The school nurse will evaluate students on long-term medication on an individual basis and appropriate adjustments will be made where determined necessary. Any unused medicine will be returned to the parent or guardian or will be destroyed by the school nurse. In appropriate and necessary situations, case-by-case arrangements for self-administration may be made contingent upon physician recommendation, parent/guardian approval and school nurse approval. Unless self-administering, students shall not bring medications to school. Doing so may result in discipline.

No medications, prescription or non-prescription, shall be administered to a student during the school day without the written and dated consent of the student's parent/guardian and physician. Parent/guardian and physician's permission can be documented on the School District's *Medication Administration Request and Consent Form (Form WA-15)* or a substitute. The consent of the parent/guardian and physician will be valid only for the period specified on the consent form and in no case longer than the current school year.

Parent/guardian is responsible for informing the school nurse's office of any change in the medication needs of a student. When any change occurs, the parent/guardian must provide documentation from the prescribing physician to the nurse's office.

By requiring written authorization and physician's orders, the School District hereby asserts that it will incur no liability for the use of unauthorized drugs. Students in possession of prescription or non-prescription drugs that have not been registered with the school nurse will be considered to be in violation of the District's drug and alcohol policy and will be subject to any disciplinary action appropriate under the District's discipline code.

At the nurse's discretion, standing order medications may be administered in accordance with orders from our chief school physician. The use of emergency medication for "self administration" means that the students is able to self administer medication to avoid immediate and substantial risk of health, including but not limited to self administration of an epinephrine auto injector (e.g. Epi-Pen, Epi-Pen Jr.) insulin, glucose tablets, glucagon or a rescue asthma inhaler (e.g. Albuterol, Proventil, Ventilin). For a student to self administer one of the above listed medications, both form WA-15 and WA-16 must be on file in the medical room.

SECTION 1 – GENERAL INFORMATION AND POLICIES

Prior to allowing a student to possess and/or self-administer emergency medication, the District shall require an order from the licensed prescriber for the medication, including a statement that it is necessary for the student to possess the medication, the time(s) at which the medication should be administered, and that the student is capable of self-administration.

The District shall also require that the student's parent/guardian submit to the nurse's office the following forms if they are applicable to the student:

Form – WA-15 – Medication Administration Request and Consent

Form – WA 16 – Consent to Carry and Self Administer Emergency Medication

Form – WA 17 – Consent to Carry and Self Administer Emergency Medication on a Field Trip

These forms must be approved by the school nurse before the student is allowed to self administer medication on school grounds.

Summary

Parents are reminded that they have four (4) options in dealing with children who are ill and require medication:

- a. Administer the medication before or after school
- b. Come to school during the day and personally administer the medication to the child
- c. Keep the child home until he/she is sufficiently recovered
- d. Provide the necessary physician and parent authorization for administration of medication in school by school personnel

The first violation of this policy will result in parent contact to re-explain this policy and its rationale. Subsequent violations will result in the student receiving progressive discipline, beginning with one after-school detention, and increasing with each subsequent violation.

IMMUNIZATION REQUIREMENTS

The Pennsylvania Department of Health requires that all children show proof of immunization before they can attend school in the State. The following immunizations are required at the high school level:

- 2 properly spaced doses of Measles, Mumps and Rubella Vaccine – usually given as MMR. Each dose included the following: (2 doses required)
 - 1 dose of Measles (Rubeola)
 - 1 dose of Mumps
 - 1 dose of German Measles (Rubella)
- 2 doses of meningococcal conjugate vaccine (MCV) – 2nd dose is required by the first day of grade 12 or at 16 years of age or older
- 1 dose of Tetanus, Diphtheria, Acellular Pertussis (Tdap)

The State also requires that a Certificate of Immunization be kept on file in the child's school medical record.

Students who do not comply with these regulations will be excluded from school until compliance can be satisfactorily documented. These requirements allow for the

SECTION 1 – GENERAL INFORMATION AND POLICIES

following exemptions: medical reason, religious belief, or philosophical/strong moral or ethical conviction. Even if your child is exempt from immunizations, he or she may be excluded from school during an outbreak of vaccine preventable disease.

FIELD TRIPS

During the course of the school year students may have the opportunities to attend school-sponsored field trips that will enhance their educational experience. All students will be required to have a signed parent permission slip. Students must meet academic and behavioral guidelines in order to attend.

Parents of students who take prescribed medication during the school day must make arrangements with the nurse prior to the field trip. Students are required to adhere to district policies, school discipline codes, and school rules while on the trip.

An alternate program will be provided at school for any students who are excluded from, or who choose not to go on the trip.

FREE OR REDUCED LUNCH

Application forms for free or reduced lunch will be sent home with students during the first week of school. Forms should be promptly returned to the school district to be evaluated and processed. Applications for free/reduced lunch must be completed annually. Students who received free/reduced lunch last year will start the year receiving free/reduced lunch for the first two weeks of school. After the first two weeks, eligibility to continue in the program will be based upon the updated application. As mandated by the Federal and State Governments, any change in the family's financial status must be reported immediately. Parents will be notified by administration of their child's eligibility for a free or reduced lunch.

GRADES AND GRADING

A numeric system of grading is used for all subjects. The grades and their meanings follow:

90-100 - A - Excellent: This grade denotes work of superior quality.

80-89 - B - Good: The student performs work of good quality.

70-79 - C - Average: This type of student usually grasps main ideas and expresses these ideas in good form; he needs direction and leadership for active and effective classroom work.

60-69 - D - Poor: The pupil secures and retains main ideas with difficulty, makes only minimum preparation, does not satisfactorily make up work.

55-59 - Failure: The pupil completed all required work however, the quality of the work and poor test/quiz grades do not justify promotion to more advanced study.

Below 55 – Failure: Required work was not completed. This pupil follows directions poorly, shows poor or little preparation for class work, does not make effective use of classroom or study time, makes too little progress to justify promotion to more advanced study.

To pass a course for the year the FINAL AVERAGE must be 60% or greater.

SECTION 1 – GENERAL INFORMATION AND POLICIES

HIGH SCHOOL PROMOTION AND GRADUATION REQUIREMENTS POLICY **Minimum Coursework Requirements by Grade**

Students are required to schedule five credits of coursework each year at minimum and to pass five credits of coursework in order to advance to the next level. A total of 22.5 credits must be earned in order for a student to graduate. In addition to the credit requirement, all students must complete a graduation project and demonstrate proficiency in the PA Academic Standards.

Grade 9 -- 5 credits Grade 10 -- 5 credits
 Grade 11 -- 5 credits Grade 12 -- 5 credits
 Extra credits to be taken any time grade 9 - 12 -- 2.5 credits
 Total required for graduation -- 22.5 credits

Students are required to schedule a minimum of five majors per year and an overall minimum of 26 periods per year. Seniors will be required to pass a minimum of 4 full credit courses in the senior year regardless of their cumulative total.

Minimum Program Requirements

1. The minimum high school program shall include the following:

English	4 units of credit
Social Studies	3 units of credit (to include American Cultures 1 and 2, and World Cultures)
Science	4 units of credit (to include Biology and three other science courses)
Mathematics	4 units of credit (to include Algebra 1) Algebra 1 completed at the Middle School fulfills this requirement but does not count as a graduation credit.
Arts or Humanities	2 units of credit
Health and Physical Education	1.4 units of credit
PA Academic Standards	Students must demonstrate proficiency in the PA Academic Standards. The PA Keystone Exams will be used to determine the level of proficiency.
Total	22.5 credits required for graduation

2. A unit of credit for graduation purposes shall consist of a planned course of 120 hours of instruction. Courses of less than 120 hours will be awarded fractional credit; courses of more than 120 hours of instruction will be awarded fractionally more than 1 credit. No course may be counted more than once to meet graduation requirements.

All full year classes that meet 5 times per week will receive one full credit. Additional credit is offered as follows:

SECTION 1 – GENERAL INFORMATION AND POLICIES

Full year classes that meet 6 times/week -- 1.2 credits

Full year classes that meet 7 times/week -- 1.4 credits

3. Arts or humanities credits may be earned in art, industrial arts, home economics, music, band, chorus, foreign languages, and additional courses in English and social studies.
4. Credits for electives may be earned in art, industrial arts, home economics, music, band, chorus, foreign languages, business education, computer courses, and vocational-technical education. The completion of a full year's course at the vocational-technical school shall count as 3 credits toward graduation.
5. Computer courses do not count toward the credit requirements for science or mathematics.
6. Supplementing of a Wilson Area High School curricular graduation requirement could be approved if the option meets or exceeds the rigors of the high school curricular requirements. Prior administrative approval is required for supplementing of a Wilson Area High School graduation requirement. Approved courses would equate as follows:

One semester approved college course --- .5 High School credit
Two semesters approved college course -- 1.0 High School credit
7. The minimum standard for passing a course for the year is to establish a final average of 60% or greater. Grades on a report card reflect that each marking period grade equals 20% of the final average, while the mid-term and final exam equate to the final 20%. Courses with mid-term, only – the mid-term would equate to 20% of the final average. Courses with no mid-term and final exams are averaged with only four grades, each equal to 25% of the final average.
8. All students who have achieved a grade of 90% or above in each of the four marking periods and a score of 85% or above on the mid-term exam are exempt from the final exam.
9. Students must obtain a minimum of 5 credits to be promoted to grade 10; 10 credits to be promoted to grade 11; and 15 credits to be promoted to grade 12. A student who has not met promotion requirements and is retained as a senior shall not be afforded the opportunity to participate in trips or other activities beyond the initial year. Students will be able to regain class privileges if evidence at the end of the first semester indicates that the credit deficiency is being eliminated. The change in status will take place only after administrative review.
10. Students who do not earn the minimum graduation requirements are ineligible to participate in the graduation ceremonies. Such students will be awarded their diplomas upon completion of the necessary requirements and

SECTION 1 – GENERAL INFORMATION AND POLICIES

will be given the option of participating in a subsequent commencement exercise.

Transfer students will be evaluated on a case by case basis as to their eligibility for participation in graduation ceremonies.

HONOR ROLL AND HIGH HONOR'S

1. The purpose of The Honor Roll and High Honor's for Wilson Area High School is twofold:
 - a. To give public recognition for exceptional scholastic achievement.
 - b. To encourage the student body to attain a higher degree of scholarship.
2. Honor Roll and High Honor's shall be determined on the basis of grades received for each marking period.
3. In order to receive High Honor Roll recognition a student must maintain an unweighted average of 90% with no individual grade less than 90%.
4. In order to receive Honor Roll recognition a student must maintain an unweighted average of 90% with no individual grade less than 80%.

CLASS RANK

Class rank is established by application of the class rank formula. Copies of this formula are available in the guidance office. At the end of the third marking period class ranks are used to determine senior awards.

QPA will be calculated using a weighting system for all courses to reflect:

- Difficulty of subject matter
- Homework and preparation necessary
- Assessment difficulty
- Associated project difficulty.

A listing of course offerings with their associated weight can be found in the course selection books.

VALEDICTORIAN/SALUTATORIAN SELECTION

Determination of Valedictorian, Salutarian, and Honor Graduates (top 10%) are made at the conclusion of the third marking period of the senior year. The highest senior grade point average determines the identification of Valedictorian. The second highest grade point average determines the identification of Salutarian. Subsequent grades will be included for final rank but not for official determination of Valedictorian or Salutarian.

GUIDANCE

The guidance department of Wilson Area High School has been established to be of service to all the pupils and graduates of the high school. Its purpose is "to help the student help himself." To meet this purpose four services have been organized.

1. A system of records on each pupil has been set up. All information possible is collected about each pupil: grades, family life, test results, special abilities

SECTION 1 – GENERAL INFORMATION AND POLICIES

and his extra-curricular activities. This information is arranged and filed so as to be available when a student presents a problem to be solved.

2. A file of educational, vocational and social world information is constantly being augmented with primary emphasis placed upon making available to the students all the information possible on future jobs, and requirements of schools and colleges, for life after graduation.
3. A program of testing has been organized with a two-fold objective:
 - a. To help the student know how he is progressing as he goes through each academic year.
 - b. To help the student know, not only what he can do, but also what he likes to do most. This combination, what he likes to do and what he can do best, will better enable him to achieve success in life after graduation.
4. An individual counseling service is also available to all students. Any problems, small or large, be it on future jobs or schools, marks, courses, how to study, or personal problems, can be freely discussed. This is probably the most valuable service to the student.

SCHEDULE CHANGES

A student is expected to follow his schedule for the entire school year. Any alteration of that schedule necessitates counselor involvement and parental consent, requires administration approval, and is subject to the following provision:

Schedules will be changed **only** for the following reasons:

- a. Class conflicts
- b. Addition of classes
- c. Change in Program of Study
- d. Recommendation by teacher/administrator

Schedules WILL NOT be changed for:

- a. Selection of individual teacher
- b. Time/schedule adjustment
- c. Social interests or lunch preference
- d. Failing grades
- e. Failure to do required summer work

1. **All course changes require a parent/guardian request letter, parent/guardian meeting with a guidance counselor, and subsequent administrative approval.** Approval will only be considered under extenuating circumstances.
2. Any drop in full year course will result in notation on transcript and report card.
3. All C.I.T. changes follow the same rules as a full year high school Course. Changes between shops are subject to C.I.T. schedule policy. This includes session changes (AM/PM).
4. No course required for graduation may be eliminated from student's schedule.

SECTION 1 – GENERAL INFORMATION AND POLICIES

5. All schedule changes are subject to Special Education due process regulations and school code.
6. The district reserves the right to implement changes deemed necessary for administrative or educational purposes.

HOMEWORK POLICY

Introduction

Because education is a lifelong process which extends beyond the school, it is important that learning occurs in the home and community. Homework is one means of teaching the necessary skills of independent study and learning outside the school. A broad definition of homework is considered here to include not only written work, but also related activities which are related to classroom work, but which are assigned to be done outside of the classroom.

Current research indicates that the amount and quality of time students spend studying has a direct and positive impact on learning success. The Wilson Area School District believes that teachers should use homework assignments to foster positive, long-term, education –related behaviors and attitudes. Homework should have different purposes at different grades. For younger students, it should foster positive attitudes, habits, and character traits, reinforcing the learning of simple skills introduced in class. For older students, it should facilitate knowledge acquisition in specific topics. Additionally, homework should be assigned when it is clearly connected to skills learned and can demonstrate a connection to improving student achievement.

Reasons for Homework

Reasons for assigning homework may well differentiate by grade and age and development level. All homework assigned should clearly be based upon a viable and understood purpose.

- To assist students in developing positive work and study habits and attitudes.
- To provide practice for reinforcement of learning that a student has acquired and must learn to master.
- Discovery and preparation for the subsequent lesson when this preparation can increase interest, motivation, and impact significantly on student learning.
- To provide opportunity for students to be involved in research activities, which would contribute to knowledge acquisition as well as provide opportunities to engage in higher order thinking activities.
- To enrich the learning experience and permit the student to demonstrate independent learning skills.

Types of Homework

The three basic types of homework are listed with a short explanation of each. Teachers are encouraged to utilize all three types depending on the needs of the students and the nature of the material being taught.

1. FOCUSED PRACTICE - This is given to provide students the opportunity to both practice an essential skill and to specifically reinforce previously learned skills that require retention for future skill attainment. The practice should

SECTION 1 – GENERAL INFORMATION AND POLICIES

strive to reinforce and improve retention of previously learned, essential skills that contribute to subsequent learning and standards attainment.

2. **PREPARATION** – These are assignments intended to permit the student to gain background information essential for subsequent learning. This is intended to enhance the depth of learning that can occur and to accelerate learning activities in the limited classroom time.
3. **ENHANCEMENT OF LEARNING** – This provides students with opportunities through assignments to develop: independent work and learning skills, higher order thinking skills, the fostering of creativity and expression, research and reporting skills.

Guidelines for Teachers – Homework needs to have a purpose and specific focus related to learning, skill acquisition and mastery of a skill or knowledge. It should be assigned in amounts that diagnostically identify skills or knowledge to be learned as well as the developmental levels of individual students. Teacher-designed, rather than generic types of homework are recommended, as it will target the exact learning or skill to be attained.

Homework, if assigned, needs to be assessed with feedback to students providing reinforcement or re-direction for improved achievement. Quantity of homework should be considered to reflect what is necessary to meet the purpose for which it was designed. Homework should never be assigned as punishment or as a means to occupy student time or attention. Homework assigned to students requires effective communication for students with directions and expectations in clear and understandable form. Consideration should be given to balance the assignment of homework with the research relative to effective on-task attention spans of differentiated age levels. It is recommended that high school students combined homework should not exceed two hours per night. Homework for earlier grades should be adapted accordingly.

Guidelines for Parents – Parents can support a child's interest in lifelong learning by encouraging good study habits and providing a learning environment in the home.

- Provide a quiet, well-lit place for the student to do homework.
- Help your child budget time so that a regular schedule for study is set.
- Take an active interest in what your child is doing in school. Ask for an explanation of a particular assignment and what is being learned. Compliment good work or when improvement is shown. Make constructive suggestions, but avoid severe criticism and undue pressure. A positive attitude by parents will encourage the student to do the best work possible.
- Encourage your child to seek additional help from the teacher at school if there seems to be any difficulty with the work.
- Encourage and guide your child with assigned homework. Under no circumstances should you complete the assignment for your child.
- Regular school attendance is important for your child's continued learning. Absenteeism is not a valid excuse for not fulfilling homework requirements.
- Communicate with the teacher any concerns you have about your child's work habits and academic growth.
- Encourage your child to form the habit of writing homework assignments

SECTION 1 – GENERAL INFORMATION AND POLICIES

in a notebook or agenda book. Periodically check to see if your child is developing and maintaining this sound educational habit.

Guidelines for Students

- Keep a record of homework assignments in a notebook or agenda book as soon as the assignments are given.
- Ask the teacher to clarify assignments that are not clear to you.
- Be responsible for your own work; complete assignments on time; and hand assignments in when they are due.
- Establish a regular time each day to do your homework in a comfortable, well lit area equipped with all the necessary materials.
- Do your own work and the best you can at all times.
- Make effective use of study hall time.
- Set a limit on co-curricular activities if they interfere with your academic growth.
- When not in attendance, you are responsible for any missed assignments.
- It is urgent that if you are having problems learning in school, discuss the problems with your parents, teachers, or other school officials.

MISSED CLASSWORK

The student has the responsibility for making arrangements with his classroom teachers to take care of work missed because of an excused absence. Unless special arrangements are made with the teacher, the time period is not to exceed a time equal to that of the absence, e.g., if he is absent two days, he must make up the work within two days after his first day of return to school regardless of additional absences. A student will receive a zero "0" for classes missed because of unexcused or unlawful absence. (See Suspension Policy for make-up class work while suspended.)

STAIRWELL ACCESS

Specific stairwells have been designated as "up" and "down" stairwells. Persons wishing to go up or down a stairwell during the change of class may only use the designated stairwell to do so. Up and down stairwells are located at both ends of each hallway.

TUTORING LAB

Students in need of extra instruction in any subject are recommended to report to a Tutoring Lab for remediation and tutoring. In a Tutoring Lab, you will receive additional help, remediation, or tutoring from a teacher or National Honor Society tutor. The Tutoring Lab is located in the library.

Process

- Students may report to a Tutoring Lab on their own for extra help
- Parents, teachers, guidance counselors, and principals may recommend a student to report to a Tutoring Lab for extra help

Tutoring Lab Remediation and Instruction

- May receive in any subject
- Receive help with assignments when necessary
- Review for tests
- Review and practice for Keystone tests

SECTION 1 – GENERAL INFORMATION AND POLICIES

LIBRARY

The library is open from 7:30 a.m. until 3:30 p.m. Students who wish to use the library quietly for academic work, academic research, reading and studying are welcome. If a student doesn't have any study halls and needs to use the library, that student should make arrangements with the librarian.

Students must check out books before they leave the library. Students are responsible for any materials checked out under their name as well as any damaged or lost library materials. Two books can be signed out for three weeks at a time. If a student has overdue books, they are not permitted to sign out additional books.

Failure to follow library policies will result in loss of the library for one week. If students are not following library or school policies, they will be asked to leave the library and must report directly to their assigned study hall or classroom with a written pass.

LUNCH AND CAFETERIA REGULATIONS

All students shall eat lunch in the cafeteria. No food or drink will be taken out of the cafeteria. **Students are not permitted to have food from outside vendors delivered to school.** Each student must return trays, cartons, napkins, etc. to the dish counter. Students are to check their eating area and dispose of all debris. Students are expected to leave their lunch area in a clean orderly condition.

HALLS

Students are expected to behave in a quiet orderly fashion while in the halls between classes. Running in the hallways is dangerous and not permitted. Loitering in locker areas is not permitted. Students leaving rooms while classes are in session are required to have a hall pass and enter their name on the teacher's sign-out sheet, recording time of departure and return.

ASSEMBLIES

Assemblies are provided for educational and cultural experiences to the student body. Students are expected to receive each performer in a polite and acceptable fashion. Failure to treat each performer with respect or disruption of any program or performance will result in removal from that performance and other programs.

STUDY HALL REGULATIONS

All students are to report to their assigned study hall during the first five days of school. Students must have something to do each day. Students are to come to study hall with school work. All students are to report to study hall promptly, take assigned seats, and get quiet for study. Any students not on the absentee bulletin or library list, and those who fail to present a pass and/or excuse to the study hall teacher, will be reported immediately to the office if they fail to report to study hall. Sleeping, game playing, and use of cellular phones is NOT permitted in any study hall. Students are to pick up trash and replace chairs. No food or drink is allowed in study hall. To leave a study hall, students must have a pass from the teacher to whom they are to report. Eligible seniors are permitted to go to the senior patio area on fair weather days. Senior patio rules are to be observed.

SECTION 1 – GENERAL INFORMATION AND POLICIES

LOCKERS

Each student is assigned a locker for his or her own use. The school is not responsible for the loss of contents of a locker. Students are prohibited from sharing lockers or housing items of great value or sums of money. Students are prohibited from putting their own locks on lockers (except gym lockers). Students experiencing locker problems should request inspection and repair from the Assistant Principal. Lockers are school district property and may be searched in accordance with district policy. Random searches may be conducted and sniff dogs may be utilized in the search process. Students are encouraged to place their own locks on gym lockers when in use.

STUDENT DRESS AND GROOMING

Student dress and attire is expected to be clean, safe, respectful, reasonable, and non-disruptive. Clothing and accessories which present a hazard to health or safety, cause distraction, sanction anything determined to be illegal, or disrupt the educational process in any way, will not be permitted in school.

Prohibited Offensive Communication on Clothing

Considered unacceptable will be T-shirts or other clothing or accessories which advertise or promote alcohol, tobacco, drugs or drug paraphernalia, violence, threats, racism, hate communications, sexual communications, as well as vulgar or highly offensive language, or pictures and/or slogans with a double meaning.

Proper Covering of Body

Also unacceptable will be clothing which does not properly cover the body, such as cut-off shirts, tops exposing the mid-section, tank tops, strapless or spaghetti strap tops, fishnet shirts, basketball shirts without under shirts, revealing or extremely short skirts, or extremely short shorts (defined as shorts which do not reach the middle of the thigh), halter tops, spandex garments, and exposed undergarments, or ripped or ragged cut clothes. **Clothing tops and bottoms must overlap at all times.**

Disruptive or Unsafe Clothing

Hats, or any head covering (i.e. bandanas, sweatbands, scarves, visors), may not be worn in the buildings unless the student can verify that this is part of established religious beliefs or due to medical circumstances. Hooded sweatshirts may be worn; however the hood may not cover the head. Attire, which may be deemed unsafe, is not permitted. Examples include shower shoes or flip flop shoes, which are held to the foot only through the toes, (defined as shoes where the stem goes through to the bottom of the sole) excessively baggy clothing worn improperly, as well as long or heavy chains or ropes.

Notice and Consequence

The administration will be the final judge as to whether a student's dress or grooming is inappropriate. The problem will be handled privately with the individual student. Students dressed inappropriately will be required to change into alternate clothing and a progressive disciplinary consequence will be enforced for violators of the policy.

STUDENT IDENTIFICATION CARD

During normal school hours and while on school property, all students are required to possess an official identification card. The student identification card is not a replacement for a hall pass. Students are expected to have a pass in addition to their

SECTION 1 – GENERAL INFORMATION AND POLICIES

identification card when out of class or assigned area. The student identification card must be relinquished to any staff member upon request.

Any student that forgets or loses their student ID must obtain a temporary or replacement ID card immediately upon entering the building. Any student failing to request a temporary card will be issued a temporary card by the Assistant Principal along with appropriate discipline. Due to material costs students will be charged \$2.00 for each replacement card. Any student that defaces their ID card will be required to purchase a new card.

COMMUNICATION DEVICES

Students are permitted to use cellular phones between classes and at lunch. At no time is a student allowed to make or receive phone calls. Hallway use during class time is not permitted. Pre-approval must be given by a teacher for use during class time for educational purposes.

Earbuds/headphones are NOT permitted to be seen or used once a student enters the building.

The Board prohibits use of electronic devices by students in locker rooms, bathrooms, health suites and other changing areas at any time. The Board prohibits the taking, storing, disseminating, transferring, viewing, or sharing of obscene, pornographic, lewd, or otherwise illegal images or photographs, whether by electronic data transfer or other means, including but not limited to texting and e-mailing.

PHONE POLICY

Students are not permitted to use school business phones except in case of extreme emergency. Appointments, calling work, retrieving schoolwork, etc. do not constitute an acceptable reason. Students are not permitted out of class to use phones.

SOCIAL MEDIA/NETWORK GUIDELINES FOR STUDENTS

Due to the wealth of new social media tools available to students, student products and documents have the potential to reach audiences far beyond the classroom. This translates into a greater level of responsibility and accountability for everyone. Below are guidelines students in the Wilson Area School District should adhere to when using social media on school property.

Social Media Guidelines for Students

Be aware of what you post online. Social media venues are very public. What you contribute leaves a digital footprint for all to see. Do not post anything you wouldn't want friends, parents, teachers, or a future employer to see.

1. Follow the school's code of conduct when writing online. It is acceptable to disagree with someone else's opinions, however, do it in a respectful way. Make sure that criticism is constructive and not hurtful. What is inappropriate in the classroom is inappropriate online.

SECTION 1 – GENERAL INFORMATION AND POLICIES

2. Be safe online. Never give out personal information, including, but not limited to, last names, phone numbers, addresses, exact birthdates, and pictures. Do not share your password with anyone besides your teachers and parents.
3. Linking to other websites to support your thoughts and ideas is recommended. However, be sure to read the entire article prior to linking to ensure that all information is appropriate for a school setting.
4. Do your own work! Do not use other people's intellectual property without their permission. **It is a violation of copyright law to copy and paste other's thoughts.** When paraphrasing another's idea(s) be sure to cite your source with the URL. It is good practice to hyperlink to your sources.
5. Be aware that pictures may also be protected under copyright laws. Verify you have permission to use the image.
6. How you represent yourself online is an extension of yourself. Do not misrepresent yourself by using someone else's identity.
7. If you run across inappropriate material that makes you feel uncomfortable, or is not respectful, tell your teacher right away.
8. Students who do not abide by these terms and conditions may lose their opportunity to take part in the project and/or access to future use of online tools.

DANGEROUS ITEMS

Students are to refrain from carrying any instruments or devices, which could result in harm to other individuals or property. Items such as knives, darts, hatchets, mace or sprays, etc. are not to be brought to school. A student found in possession of a firearm (loaded or unloaded) or an explosive device or other weapon will be referred to the Superintendent and Board of Education with recommendation of expulsion. Please note Section 912 of PA Crimes Code and US Code Title 18, Section 921:

Possession of Weapon on School Property

(a) Definition.--Notwithstanding the definition of "weapon" in section 907 (relating to possessing instruments of crime), "weapon" for purposes of this section shall include but not be limited to any knife, cutting instrument, cutting tool, num-chuck stick, firearm, shotgun, rifle and any other tool, instrument or implement capable of inflicting serious bodily injury.

(b) Offense defined--A person commits a misdemeanor of the first degree if he possesses a weapon in the buildings of, on the grounds of, or in any conveyance providing transportation to or from any elementary or secondary publicly-funded educational institution, any elementary or secondary private school licensed by the Department of Education or any elementary or secondary parochial school. Students are subject to Wilson Area School District Policy 5114.2 titled "Prohibition of Weapons Policy."

SECTION 1 – GENERAL INFORMATION AND POLICIES

UNASSIGNED AREAS

Students are not to loiter in areas to which they have not been assigned nor remain for extended periods in areas such as stairwells, doorways, lobbies, or lavatories. Upon arrival to school students are to report to the cafeteria or lobby until permitted access to other parts of the building.

FOOD IN THE BUILDING

Students are not to carry open containers of food or drink about the building. All food or beverages are to be consumed in the cafeteria. Beverages brought to the building for consumption during lunch must be in an unopened and non-refillable container. Opened containers carried about the building will be confiscated and disposed of in trash containers.

VISITORS

All visitors are required to register at the main office and obtain a visitor's pass. Parents are encouraged to meet with teachers and administrators and should call and arrange a time that is mutually agreeable to meet with them. Students are prohibited from bringing friends to school during regular school hours. Visitors who fail to register at the main office or follow school policy will be required to leave school property and/or face charges of criminal trespass. No visitors are allowed in the building during final exams.

RESPONSIBILITY FOR ASSIGNED DISTRICT PROPERTY

Any school district property assigned to students for their personal use becomes the responsibility of that student. It is to be maintained in good condition and returned in the same condition issued, excepting normal wear. Loss or damage of assigned materials will result in the assessment of the replacement cost against the student; (books, library materials, etc.). Once the debt is assessed, the debt remains until it is resolved. The debt is not removed at the end of the school year or upon student withdrawal. Students need to resolve debts before transferring to other districts. Students who do not resolve their debt will not receive caps/gowns or tickets for their graduation ceremony.

SUMMER SCHOOL ELIGIBILITY

To be eligible for summer school a student failing a full-year course must have passed one of the four regular marking periods, or passed both the midterm and the final exam, or must request special permission from school Principal or Assistant Principal. Summer school requires participation in the summer school program in the Easton Area School District, or a summer school program approved by the Principal.

FIRE DRILLS

When the fire alarm sounds, students nearest the windows will close them while the others stand at attention by their desks. Absolute silence must be maintained during the fire drill. No talking, laughing or whispering will be permitted in order that teacher's instructions can be easily heard if it is found necessary to redirect the flow of traffic from the buildings. Groups near the exits will immediately march from the building. Other groups will follow according to the posted schedule. Students carrying backpacks to class are to exit the building with their backpack.

Under teacher supervision students are to vacate areas adjacent to the building following posted instructions. EVERYONE IS TO BE A SAFE DISTANCE FROM THE BUILDING.

SECTION 1 – GENERAL INFORMATION AND POLICIES

GREEN ALERT DRILL

A Green Alert calls for an evacuation of the entire facility or a relocation to a safer area within the building. Green Alert drills may be held throughout the school year. When the green alert announcement is made over the loudspeaker, students are to remain quiet and follow the emergency directions given by the staff member in the room.

RED ALERT DRILL

A Red Alert calls for an immediate lockdown of the entire facility. Red Alert drills may be held throughout the school year. When the red alert tone is made over the loudspeaker, students are to remain quiet and follow the emergency instructions given by the staff member in the room.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

STUDENT CONDUCT

The Wilson Area School Board believes that in order for students to gain the maximum benefit from the educational program, high standards of student conduct must be established and maintained. The Board is pleased with the general deportment, good citizenship, cooperative attitude, and mutual respect displayed by most of the students. It is largely through their efforts and those of school district personnel that a wholesome educational environment is present in all of the schools of the district.

On occasion, however, unacceptable conduct on the part of a student does take place, and fair and reasonable disciplinary measures become necessary. It is for that reason that this policy has been adopted and is being implemented throughout the Wilson Area School District.

Incorporated as a part of this policy are the Regulations of the State Board of Education of Pennsylvania entitled STUDENTS RIGHTS AND RESPONSIBILITIES. The School District specifically endorses the due process requirements of these regulations while at the same time adopting the section listing student responsibilities as the code of conduct for all students.

Certain rules and regulations have been established within each school building regarding student conduct. It is the responsibility of school district personnel to make these available to the students so that they are aware of them. These rules and regulations along with the code included in this policy are applicable not only in school buildings and on school grounds but also when students are going to and from school, are being transported by school vehicles, and are participating in or attending school activities.

In cases where students do not exercise self-discipline and are in violation of rules, regulations, or the code of conduct, school district personnel must assume the responsibility for enforcement. In this process the following list includes some of the techniques which may be applied: reprimanding, counseling, conferring with a parent or guardian, assigning additional work, detaining after school, and making referrals to guidance and administrative personnel.

At times more stringent administrative action may be appropriate. Exclusion from school is specifically addressed by state regulations and is included in this policy in greater detail in the following section.

Corporal Punishment

No corporal punishment shall be administered to a student. However, reasonable force may be used by teachers and school authorities under any of the following circumstances: (1) to quell a disturbance, (2) to obtain possession of weapons or other dangerous objects, (3) for the purpose of self-defense, and (4) for the protection of persons or property.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

Suspension or Expulsion

Certain offenses of a recurring or serious nature may lead to suspension or expulsion from school. The following list includes the reasons for which a student may be excluded from school:

1. The possession, use, sale, distribution or involvement with drugs and/or alcohol pursuant to Policy #5131.
2. Conduct that constitutes a danger to the health or safety of others.
3. Physical assaults upon fellow students, teachers, or other school district employees.
4. Continued and willful disobedience.
5. Defiance of authority.
6. Taking or possessing property belonging to others.
7. Willfully causing or attempting to cause damage to school equipment or property.
8. Smoking or tobacco use including electronic and vapor cigarettes.
9. Possessing, handling, or transmitting any object that can reasonably be considered a weapon.
10. The use of abusive, profane, or obscene language or the making of obscene gestures.
11. The violation of school or school bus rules or regulations.
12. The violation of local, state, or federal laws or regulations.
13. Communicating terroristic threats or committing terroristic acts, as defined below:
 - Terroristic threat – shall mean a threat to commit violence communicated with the intent to terrorize another, to cause evacuation of a building or to cause serious public inconvenience, in reckless disregard of the risk of causing such terror or inconvenience.
 - Terroristic act – shall mean an offense against property or involving danger to another person.

Student Suspension and Participation in Activities

A student who is suspended from school or on an in-school suspension is not eligible to participate in or attend any school function from the first day of the suspension through the entire last day of the suspension. A student suspended for a total of 12 school days is ineligible from activity or athletic participation for one calendar year. Students can apply for eligibility reinstatement by meeting with the Assistant Principal.

Wilson Area School District Hazing

Purpose The opportunity for students to participate in extracurricular and co-curricular activities and interscholastic athletics sponsored by the district is a privilege extended to district students, which may be suspended or revoked under certain circumstances. The district shall strive to provide a safe and positive education, which includes extracurricular, co-curricular, and interscholastic athletic offerings. Hazing, as defined in this policy, regardless of the form it takes, shall not be tolerated.

Definitions For purposes of this policy hazing is defined as any activity that recklessly or intentionally endangers the mental health, physical health or safety of a student or causes willful destruction or

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

removal of public or private property for the purpose of initiation or membership in or affiliation with or as a condition for continued membership in any organization recognized by the Board.

Any hazing activity, whether by an individual or a group, shall be presumed to be a forced activity, even if a student willingly participates.

Authority

The Board does not condone any form of initiation or harassment, known as hazing, as part of any school-sponsored student activity. No student, coach, sponsor, volunteer or district employee shall plan, direct, encourage, assist or engage in any hazing activity.

The building principal will investigate all complaints of hazing and will administer appropriate discipline to any individual who violates this policy.

Delegation of Responsibility

It shall be the responsibility of all district employees, including without limitation, teachers, advisors, coaches, administrators, and any sponsors and volunteers, to protect the rights, safety, and welfare of all students and to ensure an atmosphere free from all forms of hazing. Any and all information received by such individuals and all knowledge or reports of hazing, or anticipated hazing, shall be reported to the appropriate building principal.

If a student obtains information or hears about an actual or potential hazing incident the student shall immediately report this information to the appropriate adult supervisor of the activity. The teacher, advisor, coach, sponsor, or volunteer shall immediately notify the appropriate building principal who will, in turn, initiate immediate measure to address the situation, as set forth in this policy.

Guidelines

Complaint Procedure

1. When a student believes that he/she has knowledge of an actual or potential hazing incident, or have been subject to hazing, the student shall promptly report the incident, orally or in writing, to any coach, sponsor of any school-sponsored activity, volunteer, administrator or district employee who upon receipt of a report of hazing shall immediately inform the building principal.
2. The principal shall conduct a timely, impartial, thorough, and comprehensive investigation of the alleged hazing and report the incident to the Superintendent or designee.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

3. The principal shall prepare a written report summarizing the investigation and recommending disposition of the complaint. Findings of the investigation shall be provided to the complainant, the accused, and others directly involved, as appropriate. If the report concerns employee conduct, a copy shall also be filed with the Superintendent or designee.
4. In the event the hazing incident involves, or will involve, illegal activity, the appropriate policing agencies shall be notified.

If the investigation results in a substantiated finding of hazing, the following disciplinary measures may be imposed:

1. A student found to be in violation of this policy shall be subject to disciplinary measures set forth at the discretion of the administration including, but not limited to, suspension or expulsion from school, indefinite suspension from all extracurricular and co-curricular activities, and interscholastic athletics, for a period ranging from one (1) calendar year from the date of adjudication through the violator's senior year of high school.
2. In addition, other disciplinary measures may be applicable and/or appropriate as defined in Board policies.
3. Failure to report a substantiated finding of hazing may result in disciplinary action.
4. A student found to have made false statements in connection with this policy shall be subject to the same disciplinary measures as those found to have actually violated the policy.

This policy shall be applicable to any and all incidents of hazing involving district students participating in organizations recognized by the Board regardless of whether they occurred on or off school grounds and/or outside of the normally scheduled school year, including without limitation during summer recess months and other non-school days.

BULLYING POLICY

Purpose: The goal of the Wilson Area School District is to provide a safe, positive learning climate for students. The Board of Education is committed to the goal of creating and maintaining a school environment where all students and employees are treated with respect and dignity, and are free from bullying, intimidation and harassment. Bullying is a violation of our district's core values and will not be tolerated. The action of any one person or group of individuals that threatens the health and safety of students and/or staff will be promptly addressed.

The school setting provides an opportunity to teach children and emphasize among staff that cooperation and respect of others is a District value. District adopted anti-bullying

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

programs are designed to decrease incidents of bullying, and to help students build supportive relationships with one another. Staff members are in-serviced on the warning signs of bullying, as well as their responsibility to be actively involved in the prevention of bullying.

Definition: For the purpose of this policy, bullying is defined as repeated and systematic harassment and/or attacks on others, perpetrated by individuals or groups. Bullying is also defined as any overt act by students or groups of students directed against another student with the intent to ridicule, humiliate or intimidate while on school grounds or at school-sponsored activities.

Bullying takes the form of many different behaviors including, but not limited to:

- Physical violence and attacks
- Verbal taunts and name-calling including ethnic-based verbal abuse and gender-based putdowns.
- Threats and intimidations
- Extortion or stealing money and possessions
- Exclusion from peer groups within the school

Responsibility: Each staff member shall be responsible for maintaining an educational environment free from bullying. Staff members who observe or become aware of an act of bullying shall take immediate, appropriate steps to intervene. If a staff member believes that his/her intervention has not resolved the matter, he/she shall report the bullying to the school administration for further investigation. This investigation may include interviews with students, parents, and school staff, reviews of school records, and any other appropriate means of investigation.

If the investigation results in a substantiated charge of bullying, the school district shall take prompt action to eliminate any further bullying. Complaints involving bullying at the building level may be resolved informally through confidential mediation, counseling, or informal discussion. If a satisfactory, informal resolution is reached, no further investigation or action is required.

A substantiated charge against a student shall subject the offender to disciplinary action, consistent with the School District Code of Conduct and any other applicable Board policy, and may include detention, suspension, expulsion and referral to law enforcement. All verified incidents of bullying are recorded and retained at both the building and district levels and placed on state violence reports as required.

Appeal Procedure: If the complainant or accused is not satisfied with the school principal's decision, the student, parent, or guardian, may appeal to the superintendent.

GANG POLICY

Purpose: The Board recognizes the importance of providing a safe learning and working environment for students, employees and visiting community members and that the presence of gang activity and deviant behavior of an individual threatens the safety of the school environment.

Definition: "Gang Activity: A 'gang' means any ongoing organization, association, or group of three or more persons, whether formal or informal, having as one of its primary activities the commission of one or more criminal acts or acts in violation of school rules, which has an identifiable name or identifying sign or symbol, and whose members

individually or collectively engage in, or have engaged in, a pattern of criminal gang activity or activity relating to the violation of school rules. Gang activity includes, but is not limited to, any act in furtherance of the gang and possession or use of gang symbols, such as drawings, hand signs, and attire.”

Authority: It is the District’s policy to prohibit on school property or at any school activity the following:

1. Wearing, possessing, using, distributing, displaying or selling of any clothing, jewelry, emblem, badge, symbol, sign or other thing that is evidence of membership in or affiliation with any gang.
2. Commission of any act or omission, or the use of any speech, either verbal or non-verbal (gestures, handshakes, etc.), which shows membership in or affiliation with any gang.

 - b. Requesting any person to pay for “protection” or otherwise intimidating or threatening any person
 - c. Committing any illegal act or violation of school district policies
 - d. Inciting another person to act with physical violence upon any other person

Implementation

2. Administrators shall be aware that the occurrence of any of the acts described above does not necessarily constitute gang activity unless the entire definition of “gang” is met.
3. Violations of this policy will result in disciplinary actions, which may include suspensions and/or expulsion.
4. Notification of this policy shall be given to all students and employees.
5. School administrators shall identify any clothing, jewelry, emblems, badges, symbols or signs. Administrators shall consult with police and district security to help them determine what is gang-related, such as clothing, jewelry, emblems, badges, symbols or signs.

Administration shall report all incidents consistent with procedural guidelines to the Central Administration.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

WILSON AREA HIGH SCHOOL BEHAVIOR POLICY

Behavior Policy infractions have been placed into three levels varying from minor to major incidents. It should be realized that persistent, willful or excessive minor incidents may be considered major if, in the judgment of the administration, the student is making no effort to modify unsatisfactory behavior, or where behavior is willful with intent to disrupt a program.

1. Lateness to school (after 7:43 a.m. before 8:05 a.m.) Any student who enters the building after 7:43 a.m. is considered late and must sign in at the main office. He/she must get a pass in order to go to class. When lateness exceeds 8:05 a.m., refer to Level II Infraction. Students who demonstrate habitual patterns of lateness tend to disrupt classes by the interruptions they cause. The following procedures will be used for lateness between 7:43 a.m. and 8:04 a.m.:

<u>Late Number</u>	<u>Penalty</u>
1	No penalty – recorded as tardy
2 – 5	Detention
6 – 8	Two detentions
More than 8	Administrative discretion

Note: Students receiving detention for lateness to school may be scheduled for detention on the day they arrived late. Students on doctor excuse only status are required to bring in doctor excuses for lateness. After a minimum of 20 consecutive school days on time, a student may meet with the Assistant Principal to request having their lates reset to zero (for the determination of disciplinary consequences only) the actual number of tardy's will not return to zero and will be printed on report cards.

2. Failure to supply written excuses for absences
3. Failure to arrive without an ID – The following penalty will be issued to a student without an ID card during each marking period:

<u>Offense Number</u>	<u>Penalty</u>
1 st – 3 rd offense	Warning
4 th offense and beyond	Office Detention

Students who purchase a new ID badge will have their cumulative total reset to zero.

LEVEL I INFRACTIONS

The following are incidents that should be handled by the classroom teacher. These problems will generally result in the issuing of warnings followed by teacher detentions. Persistent incidents may result in referral to the administration.

1. Lateness to class: Students have a maximum of four minutes to move from one class to the next. It is expected that students will be in their seats at the end of the four minute period. Lavatory and locker usage are not excuses for being late. After receiving three teacher detentions for being late to class, students will be referred to the office.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

2. Cell phones: students may possess cell phones however they must be turned off during the instructional day unless directed otherwise by a teacher.
3. Classroom or hall disruption.
4. Loitering in halls or lavatories or unassigned areas.
5. Forged passes or excuses.
6. Cheating on tests - student will receive a zero on the test and notice will be given to the student's parents and Assistant Principal. A second offense will result in failure for the marking period.
7. Use of unacceptable language
8. Other behavior determined to be disruptive to the purpose of the educational system. The number of detentions may vary taking into consideration the student's record or circumstances involved with the incident and student attitude.

LEVEL II INFRACTIONS

Level II infractions result in referral to the principal or assistant principal and result in assignment of office detention or suspension and other action as may be necessary.

1. Repeated or excessive continuation of any level I infraction.
2. Lateness to school - When lateness exceeds 8:05 a.m. the incident is treated as class cutting and additional cuts for each period or part of period missed, or as truancy as deemed appropriate.
3. Unauthorized use of cell phone and electronic devices, earbuds/headphones, and laser pointers. Electronic devices can be confiscated and require parent pick-up.
4. Disrespect to school employees.
5. Possession of Tobacco or tobacco products will result in school disciplinary action as well as the filing of citations for the possession of tobacco on school property as per section 6306.1 of the PA Crimes Code.
6. Use of tobacco or electronic cigarettes - Use of tobacco or electronic cigarettes in any fashion (smokeless, chewing, smoking, snuff, etc.) is not permitted in school, on school property, or on school buses. Students using tobacco or smoking will be suspended and the suspension will be graduated - one day, three days, five days, ten days. Additionally students will be prosecuted for possession and/or use of tobacco on school property as per Section 6306.1 of the PA Crimes Code. Fines generally are assessed at \$50 plus court costs.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

7. Vandalism - Willfully damaging property belonging to school, school employees or students. In addition to disciplinary action the student may be required to repair damage after school hours. Students may be prosecuted for any acts deemed excessive. Under 3307 of the Crimes Code, designed to address school vandalism, Act 16 of 1994 makes it illegal for a person to carry "an aerosol spray paint can, broad-tipped indelible marker or similar marking device onto (school) property "with the intent to vandalize, deface or otherwise damage the property." Act 17 of 1994 adds to the definition of criminal mischief, "intentional (defacing) or otherwise (damaging) tangible public property or tangible property of another with an aerosol spray paint can, broad-tipped indelible marker or similar marking device."
8. Class cutting - When a student has been in school but failed to report for all or part of a class or is absent from class without permission of the instructor, it is class cutting. Situations of class cutting may result in truancy charges if accumulated class cuts equal a half or whole school day.
9. Truancy/Skipping School - When it has been determined that a student is missing from school who has no legitimate reason for absence, that student will be referred to the administration for truancy. In addition to disciplinary consequences, habitual truancy could result in legal action against the parent/guardian or student.
10. Forging school district documents - Forging the name of self or others or altering in any fashion school district documents, notes, requests for dismissal, or other forms.
11. Insubordination - Refusal to conform to reasonable directions of school district personnel.
12. Refusal to serve detention (skipping detention) - Refusal to serve detention or violation of detention rules will result in suspension and reassignment of all detentions.
13. Leaving the building without permission - Students are not allowed to enter or leave the school building without permission.
14. Theft - Any student determined to have taken property of school district or other persons while on school district property will be placed on suspension and criminal charges may be pursued.
15. Disruptive or dangerous activity on school buses.
16. Other behavior determined to be disruptive to the purpose of the educational system.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

LEVEL III INFRACTIONS

Legal action and/or alternate school placement or expulsion may result from committing the following infractions or any other type as determined by the administration.

1. Fighting - Engaging in a fight will result in immediate suspension of all parties and possible levying of the charge of Disorderly Conduct or Harassment according to Crimes Code of PA, Section 5503 or 2709 respectively.
2. Use of profane, vulgar or unacceptable language - Use of profane, vulgar or unacceptable language in an excessive fashion that disrupts the school process.
3. Threats and/or assaults or harassment - Any student who makes a verbal or physical threat against another individual while on school property will be suspended. The degree to which the above is conducted may determine that further action may be necessary, such as filing of Criminal Harassment Charges according to Crimes Code of PA, Section 5503 or expulsion from school.
4. Threats, assaults or harassment of school district personnel (note Section 2702 of PA Crimes Code, paragraph 5 or Section 2712 if an assault involves a sports official)

Prosecution may be for the following offenses (but not limited to): truancy, fighting, disorderly conduct, vandalism, harassment, assault, aggravated assault, weapons violations, trespass, possession and/or use of controlled substances, possession and/or use of tobacco products. Police personnel may be called based upon the circumstances and severity of the incident. When fines are assessed they generally range from \$50 to \$300 plus court costs. A number of charges are rated more severe and may result in significantly more complicated outcomes.

DETENTION POLICY

Students may be assigned to detention by teachers or administrators. Students are to receive one day notice prior to assigned detention dates with the exception being students arriving late to school. Students receiving detentions for lateness to school may be scheduled to detention on the day they arrived late. Students will be permitted to use the phone to inform parent of the detention. No teacher-assigned detention may be less than 15 minutes or longer than one hour.

Students may receive detentions from 30 minutes to 2 1/2 hours when assigned by the office. Students are to report to office detention promptly either at 7:05 – 7:35 in the case of a morning detention or at 2:43 and remain until 3:30 in the case of an afternoon detention. SUSPENSION POLICY

Students may be assigned suspension only by the school administration. A student placed on suspension is not permitted on school property except in company of their parent or guardian to attend a hearing/conference or with permission of the Principal or Assistant Principal. Any student seen on school property while on suspension will be charged with Defiant Trespass under Section 3503 of Pennsylvania Crimes Code and may be subject to additional school based discipline. Students are responsible to make up all work missed while on suspension. Assignments while on suspension are due the first day of return from suspension or the student will receive a zero grade for the work. (Exception is test make-up.) Parent conferences may be requested for any suspensions. Should a student miss a test due to suspension, he or she must make arrangements with the subject teacher to take that test after school. All suspensions longer than three days duration require a parent conference. This conference may be waived by the Principal or Assistant Principal upon request of the parent. Students on suspension are not permitted to participate in any school-related, extra-curricular activities for the entire day of their suspension.

IN-SCHOOL SUSPENSION

In-school suspension is designed to eliminate further discipline infractions. ISS will only be assigned four times, all further discipline requiring a suspension will result in out-of-school suspensions. In-school suspension hours are 7:43 a.m.-2:40 p.m. Students are to report to the office of the Assistant Principal and must bring all appropriate materials (books, pens, pencils, paper). Students should bring appropriate reading material with them in the event that all academic work is complete. No electronic devices of any type are to be in the possession of the student. Students on suspension are not permitted to participate in any school-related, extra-curricular activities for the entire day of their suspension.

DRUG AND ALCOHOL POLICY

The use of controlled substances (drugs) and alcohol, particularly among young people, is a major problem confronting our society. The problem of drug and/or alcohol abuse is a community-wide concern and meaningful approaches to its solution require a cooperative effort on the part of parents, schools, social agencies, and other institutions of the community. The possession, use, sale, distribution or involvement with drugs and/or alcohol in the Wilson Area Schools shall not be tolerated.

When a student needs to take or is required to take a drug for medical purposes during the school day, the student should inform the nurse and must allow the nurse to dispense the medication in accordance with established procedure. Under no other condition should drugs be at school or on school property.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

"Drugs" as used in this policy include controlled substances, drugs of any kind, legal or illegal, including drugs readily available over the counter, pills, capsules, and other substances designed to look like drugs and sold or distributed as drugs.

To deal with specific problems as they arise, guidelines must be established. These guidelines are as follows:

A. Student Seeking Help

1. A student may approach any professional staff member to seek help. The staff member shall encourage the student to see the guidance counselor, school nurse or building principal.
2. Confidentiality of the student shall be maintained in accordance with the law.
3. Counselor, nurses or building principals shall offer drug and alcohol counseling as appropriate.
4. A student seeking help shall be encouraged to inform his or her parents before referral to an appropriate agency. Parental notification or consent prior to agency referral is not a pre-requisite, but is strongly recommended.

B. Suspicion of Drug and/or Alcohol Involvement

1. Cases involving suspected drug or alcohol use or abuse shall be referred to the school nurse. The school nurse will treat all cases as routine illnesses unless it is ascertained that there is a problem of drug or alcohol use or abuse.
2. The nurse will then notify the principal regarding the condition of the student. The principal will consult with the nurse and take appropriate action within the guidelines established in this policy and the policy on Students' Rights and Responsibilities.

C. Possession, Use, Sale, Distribution or Involvement

1. The possession, use or involvement with drugs and/or alcohol in school, on school property, at school-sponsored activities, and while under the authority of school officials shall be considered grounds for suspension and/or expulsion from school.
2. The sale or distribution of drugs and/or alcohol in school, on school property, at school-sponsored activities, while under the authority of school officials, or repeated violation of Section C1 of this Policy, could be considered grounds for expulsion from school.
3. Parents or guardians shall be promptly informed of actions taken by the school officials in all incidents.
4. The school shall notify and cooperate with state/local law enforcement or regulatory agencies when appropriate.
5. Counseling assistance by appropriate agencies will be strongly recommended.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

D. Drug Dog Use

Building principals are authorized to use the services offered by the local police departments when it is deemed necessary, including the use of drug dogs.

1. The principal or assistant in charge of the school can make a request for the drug sniffing dog through the local police department.
2. The police department can request that the dog be used. The prior approval of the building principal will be required, but the visits of and use of the dogs shall be unannounced to the students.
3. The drug sniffing dog and the handler of this dog will be protected at all times from any type of verbal or physical abuse while performing their duties on Wilson Area School District property. Any type of violation of this, minor or serious, will be handled by the school administrators in a very severe manner.
4. In no way will this program infringe upon anyone's human rights or be used to enhance the arrest record of the police department.

E. Steroids

The Wilson Area School District endorses the provisions of Act 93 of 1989, which prohibits the use of anabolic steroids, except for a valid medical purpose, by any pupil involved in school-related athletics. Furthermore, the provisions of the Drug and Alcohol Policy (5131) are applicable to steroids.

The law provides that body building, muscle enhancement, increasing muscle bulk or strength or the enhancement of athletic ability is not a valid medical purpose. Human growth hormone (HGH) is not included as an anabolic steroid under the provisions of the law.

Along with any disciplinary or other action, which may be taken under the provisions of Policy #5131, the following minimum penalties will apply to any pupil in violation of the prohibitions in paragraph 1:

1. For a first violation, suspension from school athletics for the remainder of the season.
2. For a second violation, suspension from school athletics for the remainder of the season and for the following season
3. For a third violation, permanent suspension from school athletics.

No student shall be eligible to resume participation in school athletics unless there has been a medical determination that no residual evidence of steroids exists. Participation in drug counseling, rehabilitation, testing or other program may be required as a condition or reinstatement into the athletic program. The dangers of anabolic steroids shall be included in the drug and alcohol education program, which is a part of the health curriculum in the School District.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

RESTRICTED MOVEMENT POLICY

Students who have behaved in a fashion to result in numerous referrals to the office or who have received referrals requiring suspension may be placed on restricted movement. Students are restricted to classrooms and not permitted to leave with a pass except in cases of extreme emergency. In such an instance an administrator is to be immediately informed. Attendance and promptness of reporting are to be closely monitored.

UNLAWFUL HARASSMENT OF STUDENTS

Purpose

The Board strives to provide a safe, positive learning climate for students in the schools. Therefore, it shall be the policy of the district to maintain an educational environment in which harassment in any form is not tolerated.

Authority

The Board prohibits all forms of unlawful harassment of students and third parties by all district students, staff members, contracted individuals, vendors, volunteers, and third parties in the schools. The Board encourages students and third parties who have been harassed to promptly report such incidents to the designated employees.

The Board directs that complaints of harassment shall be investigated promptly, and corrective action be taken when allegations are substantiated. Confidentiality of all parties shall be maintained, consistent with the district's legal and investigative obligations.

No reprisals or retaliation shall occur as a result of good faith charges of harassment.

Definitions

For the purposes of this policy, **harassment** shall consist of verbal, written, graphic or physical conduct relating to an individual's race, color, national origin/ethnicity, gender, age, disability, sexual orientation or religion when such conduct:

1. Is sufficiently severe, persistent or pervasive that it affects an individual's ability to participate in or benefit from an educational program or activity or creates an intimidating, threatening, or abusive educational environment.
2. Has the purpose or effect of substantially or unreasonably interfering with an individual's academic performance.
3. Otherwise adversely affects an individual's learning opportunities.

For purposes of this policy, **sexual harassment** shall consist of unwelcome sexual advances; requests for sexual favors; and other inappropriate verbal, written, graphic or physical conduct of a sexual nature when:

1. Submission to such conduct is made explicitly or implicitly a term or condition of a student's academic status.
2. Submission to or rejection of such conduct is used as the basis for academic or work decisions affecting the individual.
3. Such conduct deprives a student of educational aid, benefits, services or treatment.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

4. Such conduct is sufficiently severe, persistent or pervasive that it has the purpose or effect of substantially interfering with the student's school performance or creating an intimidating, hostile, or offensive educational environment.

Examples of conduct that may constitute **sexual harassment** include but are not limited to sexual flirtations, advances, touching or propositions; verbal abuse of a sexual nature; graphic or suggestive comments about an individual's dress or body; sexually degrading words to describe an individual; jokes; pin ups; calendars; objects; graffiti; vulgar statements; abusive language; innuendos; references to sexual activities; overt sexual conduct; or any conduct that has the effect of unreasonably interfering with a student's ability to work or learn or creates an intimidating, hostile or offensive learning or working environment.

Complaint Procedure-Student /Third Party

Step 1-Reporting

A student or third party who believes he/she has been subject to conduct that constitutes a violation of this policy is encouraged to immediately report the incident to the building principal or a district employee.

A school employee who suspects or is notified that a student has been subject to conduct that constitutes a violation of this policy shall immediately report the incident to the building principal. If the building principal is the subject of a complaint, the student, third party, or employee shall report the incident directly to the Compliance Officer.

The complaint or reporting employee is encouraged to use the report form available from the building principal, but oral complaints shall be acceptable.

Step 2 –Investigation

Upon receiving a complaint of unlawful harassment, the building principal shall immediately notify the Compliance Officer. The Compliance Officer shall authorize the building principal to investigate the complaint, unless the building principal is the subject of the complaint or is unable to conduct the investigation.

The investigation may consist of individual interviews with the complainant, the accused, and others with knowledge relative to the incident. The investigator may also evaluate any other information and materials relevant to the investigation.

The obligation to conduct this investigation shall not be negated by the fact that a criminal investigation of the incident is pending or has been concluded.

Step 3 –Investigative Report

The building principal shall prepare a written report within fifteen (15) days, unless additional time to complete the investigation is required. The report shall include a summary of the investigation, a determination of whether the complaint has been substantiated as factual and whether it is a violation of this policy, and a recommended disposition of the complaint.

Copies of the report shall be provided to the complainant, the accused, and the Compliance Officer.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

Step 4 –District Action

If the investigation results in a finding that the complaint is factual and constitutes a violation of this policy, the district shall take prompt, corrective action to ensure that such conduct ceases and will not recur.

Disciplinary actions shall be consistent with the Student Code of Conduct, Board policies and district procedures, applicable collective bargaining agreements, and state and federal laws.

If it is conducted that a student has knowingly made a false complaint under this policy, such student shall be subject to disciplinary action.

Appeal Procedure

1. If the complainant is not satisfied with a finding of no violation of the policy or with the corrective action recommended in the investigative report, he/she may submit a written appeal to the Compliance Officer within fifteen (15) days.
2. The Compliance Officer shall review the investigation and the investigative report and may also conduct a reasonable investigation.
3. The Compliance Officer shall prepare a written response to the appeal within fifteen (15) days. Copies of the response shall be provided to the complainant, the accused, and the building principal who conducted the initial investigation.

EXEMPTION FROM INSTRUCTION

This policy is enacted to comply with the requirement of the State Board of Education that school districts adopt policies to assure parents the right to have their children excused from specific instruction which conflicts with their religious beliefs.

This policy grants such rights to parents of students enrolled in this district where the students are under the age of eighteen (18), and to the students themselves when the student is eighteen (18) or over, unless the student is incapable of making the decision due to a disability.

As used in this policy, the phrase "specific instruction" means identifiable elements of instruction by the teacher. It does not include required reading or learning outcomes. Teachers are expected to provide accurate and thorough information to parents regarding curriculum, instructional strategies, assessment procedures, and instructional materials.

The district shall excuse any student from specific instruction as defined in this policy upon satisfaction of and subject to the following conditions:

1. To assist the school district in ensuring that the student is excused from the correct specific instruction, the request must be made in writing and must detail the specific instruction with respect to which the student is to be excused.

SECTION 2 – DISCIPLINE POLICY – BEHAVIOR CODE

2. The written request must contain a statement that the specific instruction described in the written request conflicts with the religious beliefs of the student or of the parents.
3. The parent and/or student shall designate on the request to be excused the replacement education activities in which the student shall engage during the time the student is excused. The only permissible educational activity for this purpose shall be replacement instruction that is consistent with the goals set for the course and that does not require the provision of any extra resources by the district.
4. The written request to be excused shall be sent by the qualifying parent or student to the classroom teacher, who will forward copies to the building principal, and assistant superintendent. Approval will be granted by the assistant superintendent after consultation with the principal. One copy shall be retained in the student's permanent school records, a copy shall be kept by the school principal, and an approved copy shall be returned to the teacher from whose instruction the student is to be excused.
5. In the case of the high school student, it shall not be the responsibility of the district or any of its officials to ensure that the child exercises his/her right to be excused. School employees are prohibited from initiating action to have any student leave class in accordance with a parental request. Instead, it is the responsibility of the student to request permission to leave class when the specific instruction objected to is being presented or is about to be presented. When the child seeks to be excused, the teacher is to excuse the child if (a) the teacher has a copy of the approved written request or, if upon checking with the principal, the principal has a copy of the approved written request; and (b) the written request adequately describes the instruction that is taking place or about to take place.
6. The building principal shall determine where the student shall report during the time the student is excused.
7. All students excused from specific instruction shall be required to achieve the learning outcomes established by the district and which are necessary for graduation.

This policy shall become void and unenforceable if the regulation of the State Board of Education, upon which it is based, i.e. Title 22, Sec. 5.4 (d) (3), is repealed, modified or declared invalid in whole or in part.

ATHLETIC/ACTIVITY ELIGIBILITY

Eligibilities are adopted as per the Pennsylvania Interscholastic Athletic Association, Inc. and are adjusted in accordance with P.I.A.A. adjustments. Any adjustments made by the P.I.A.A. supersede the rules listed below.

Know Your Eligibility Rules

A student who participates in interscholastic athletics at a school which is a member of the Pennsylvania Interscholastic Athletic Association, Inc. ("P.I.A.A.") must adhere to the P.I.A.A. eligibility rules for student athletes. If you fail to comply with the P.I.A.A. rules, you will lose your eligibility to represent your school in interscholastic athletics or approved activities. If you participate while ineligible, your school or team may be penalized. It is therefore important for you to be aware of the requirements to which you are subject.

The information contained here highlights and summarizes the major eligibility requirements you must meet in order to participate in interscholastic athletics or approved activities. It does not list every rule or every detail. Unless otherwise indicated, each requirement applies to grades 7 through 12. The principal of your school is responsible for certifying the eligibility of all students representing your school in interscholastic athletics. If you have any questions concerning your athletic eligibility, either present or future, you should see your school principal, who has available a complete copy of all the P.I.A.A. eligibility rules. Your principal may also obtain from the appropriate P.I.A.A. District Committee a formal ruling as to your athletic eligibility.

Age

You may not have reached your 19th birthday by June 30 immediately preceding the school year.

Amateur Status and Awards

To be eligible to participate in a sport, you must be an amateur in that sport. You will lose your amateur status in a sport for at least a year if:

1. You, or your school, or an organization which you represent, receives money or property for or related to your athletic ability, performance, participation, or services.
2. You accept compensation for teaching, training or coaching in a sport. You may receive normal and customary compensation for acting as an instructor in or officiating recreational activities, or for serving as a lifeguard at swimming areas.

You may receive awards only from your school, the sponsor of an athletic event, the news media, or a non-profit service organization approved by your school principal. Permissible awards are a sweater, jacket, blazer, blanket, shirt, jersey, watch, ring, scroll, photograph, metal, plaque, or similar trophy, which must bear appropriate organizational insignia or comparable identification.

2. When you live with a court-appointed legal guardian in the new school district, upon approval by the P.I.A.A. District Committee.
3. When you make your first transfer (in either direction) between a public school and a private school, which have overlapping school districts, so long as the transfer occurs at the beginning of the school year. A later first transfer will make you ineligible for 60 school days, and a second transfer will make you ineligible for a year.

If you transfer from one school to another in whole or in part for athletic purposes, or if you were recruited, you will lose your athletic eligibility for a period not to exceed one year. This requirement applies even if you would otherwise be eligible at the school to which you transferred.

1. You will lose your eligibility when you have been in attendance more than eight semesters beyond the eighth grade. If you repeat a grade after eighth, you will be ineligible as a senior.
2. You may participate only one season in each sport during each school year.

Multiple Participation

You will lose your eligibility in a sport for the remainder of the season if, while a member of your high school team, you participate in an athletic contest as an individual or a member of another team in the same sport during the same season, unless your school principal waives this rule by sending an appropriate letter to the P.I.A.A. executive director.

Academic and Curricular Requirements

1. You must pursue a curriculum defined and approved by your principal as a full-time curriculum.
2. You must maintain an acceptable grade in that approved curriculum throughout each grading period. Your school will determine what constitutes an acceptable grade.

In addition it is the intent to increase the opportunity for students to learn and accept personal responsibility for their behavior as they progress through the school system. To that end, seniors at the high school who meet certain criteria may enjoy special limited privileges not afforded to underclassmen. This policy addresses the nature of those privileges, and specific criteria, and conditions upon which the privilege will be lost.

Nature of Privileges

Seniors who meet certain criteria will be allowed to eat lunch in the fenced in outdoor patio area, adjacent to the cafeteria during a regularly scheduled lunch period. Additionally, seniors who meet certain criteria will be allowed to use the patio area during a regularly scheduled cafeteria study hall. Criteria

This privilege will be afforded to seniors who are earning a 70% grade or better in all major subjects. Grades will be checked at report card time, with the final average of the junior year report card being used for the first senior grading period. - Probationary reinstatement will last a minimum of 30 school days, during which time the student may practice with a team/club but will not be eligible to participate in a game/event.
- During probationary reinstatement, the student can have no Level II or Level III infractions.

Teacher Disability

The pretermination procedures afforded a tenured school teacher, who, after being warned, continued

to use excessive force on students in violation of the policy on corporal punishment, did not violate

due process. *Kramer v. Newman*, 840 F.Supp. 325 (E. D. Pa. 1993); affirmed 16 F.2d 404 (3rd.

Cir. (Pa.)).

§ 12.6. Exclusions from school.

(a) The governing board shall define and publish the types of offenses that would lead to exclusion from school. Exclusions affecting certain students with disabilities shall be governed by § 14.143 (relating to disciplinary placements) and 34 CFR 300.519—300.529 (relating to discipline procedures).

(b) Exclusion from school may take the form of suspension or expulsion.

(1) Suspension is exclusion from school for a period of from 1 to 10 consecutive school days.

(i) Suspensions may be given by the principal or person in charge of the public school.

Ch. 12 STUDENTS 22 § 12.5

12-5

(336403) No. 408 Nov. 08

(ii) A student may not be suspended until the student has been informed of the reasons for the suspension and given an opportunity to respond. Prior notice of the intended suspension need not be given when it is clear that the health, safety or welfare of the school community is threatened.

(iii) The parents or guardians and the superintendent of the district shall be notified immediately in writing when the student is suspended.

(iv) When the suspension exceeds 3 school days, the student and parent shall be given the opportunity for an informal hearing consistent with the requirements in § 12.8(c) (relating to hearings).

(v) Suspensions may not be made to run consecutively beyond the 10 school day period.

(vi) Students shall have the responsibility to make up exams and work missed while being disciplined by suspension and shall be permitted to complete these assignments within guidelines established by the governing board.

(2) Expulsion is exclusion from school by the governing board for a period exceeding 10 school days and may be permanent expulsion from the school rolls. Expulsions require a prior formal hearing under § 12.8.

(c) During the period prior to the hearing and decision of the governing board in an expulsion case, the student shall be placed in his normal class except as set

SECTION 4 – PENNSYLVANIA STATE BOARD OF EDUCATION

forth in subsection (d).

(d) If it is determined after an informal hearing that a student's presence in his normal class would constitute a threat to the health, safety or welfare of others and it is not possible to hold a formal hearing within the period of a suspension, the student may be excluded from school for more than 10 school days. A student may not be excluded from school for longer than 15 school days without a formal hearing unless mutually agreed upon by both parties. Any student so excluded shall be provided with alternative education, which may include home study.

(e) Students who are under 17 years of age are still subject to the compulsory school attendance law even though expelled and shall be provided an education.

(1) The initial responsibility for providing the required education rests with the student's parents or guardian, through placement in another school, tutorial or correspondence study, or another educational program approved by the district's superintendent.

(2) Within 30 days of action by the governing board, the parents or guardians shall submit to the school district written evidence that the required education is being provided as described in paragraph (1) or that they are unable to do so. If the parents or guardians are unable to provide the required education, the school entity shall, within 10 days of receipt of the notification, make provision for the student's education. A student with a disability shall be provided educational services as required by the Individuals With Disabilities Education Act (20 U.S.C.A. §§ 1400—1482).

(3) If the approved educational program is not complied with, the school entity may take action in accordance with 42 Pa.C.S. Chapter 63 (relating to the Juvenile Act) to ensure that the child will receive a proper education. See § 12.1(b) (relating to free education and attendance).

Notes of Decisions

Alternative Instruction

Local school officials may determine the amount and type of alternative instruction necessary and

appropriate in each case involving an expelled student. *Abremski v. Southeastern School District*, 421

A.2d 485 (Pa. Cmwlth. 1980).

Appeal; No Expulsion

Where the discipline imposed upon the student was three 15-minute after-school detention sessions,

SECTION 4 – PENNSYLVANIA STATE BOARD OF EDUCATION

the student has no right to a hearing or appeal, as there is no such recourse provided by the regulations.

Schmader v. Warren County School District, 808 A.2d 596 (Pa. Cmwlth. 2002); appeal denied

820 A.2d 163 (Pa. 2003).

There is no provision in the regulations for an appeal of a school board decision to suspend a student

for 10 days or less. *In re Appeal of JAD*, 782 A.2d 1069 (Pa. Cmwlth. 2001); appeal denied at

796 A.2d 987 (Pa. 2002).

Due Process Required

Expulsion is exclusion from school for a period of more than 10 days. Due process requires that a

student subject to expulsion be afforded a hearing. *In re Appeal of JAD*, 782 A.2d 1069 (Pa. Cmwlth.

2001).

Where student was expelled from school for approximately 30 days, due process required that the

student be given a formal hearing. *Oravetz v. West Allegheny School District*, 74 Pa. D. & C.2d 733

(1975).

Expulsion Appropriate

None of the provisions of this section relating to expulsions provide that an expulsion decision,

otherwise proper, cannot stand if the expelled student was also suspended for the same offense, and

if the period of suspension exceeded the regulatory maximum, due to the failure, for undisclosed reasons,

of a student to return to school for a three-day period following a suspension, *Porter v. Board*

of School Directors of Clairton School District, 445 A.2d 1386 (Pa. Cmwlth. 1982).

In General Regulations governing the types of offenses that would lead to exclusion from school may be published

by individual schools rather than by the Board of Education itself. *Figuroa v. Thompson*, 1

Pa. D. & C.3d 266 (1975).

When the legislature did not delegate power over student conduct and discipline to the State Board

of Education, the Board's regulations pertaining to such matters were invalid and unenforceable.

Howard H. v. Wentzel, 372 A.2d 30 (Pa. Cmwlth. 1977).

Procedural Violations

Where defendant school district summarily suspended plaintiffs for a period in excess of 3 days and

notice and hearing were expunged from plaintiffs' records. *Mullane v. Wyalusing Area School District*,

30 D. & C.4th 179 (1997).

School Board Review

This regulation clearly provides that the decision to suspend a student for no more than 10 days is

within the power of the principal. Thus, although the school board agreed to consider the issue of the

students' suspensions, that special meeting was nothing more than a gratuitous gesture to the students

and their parents. The board's acquiescence to hold the meeting was purely voluntary, and its affirmation

of the principal's decision had no legal consequence. *Burns v. Hitchcock*, 683 A.2d 1322

(Pa. Cmwlth. 1996).

Smoking

School regulations which restricted student smoker's use of restrooms were not unconstitutional

where they were not arbitrary, unreasonable or capricious. *Figueroa v. Thompson*, 1 Pa. D. & C.3d

266 (1975).

(a) *General.* Education is a statutory right, and students shall be afforded due

process if they are to be excluded from school. In a case involving a possible expulsion, the student is entitled to a formal hearing.

(b) *Formal hearings.* A formal hearing is required in all expulsion actions.

This hearing may be held before the governing board or an authorized committee of the board, or a qualified hearing examiner appointed by the board. When a committee of the board or a hearing examiner conducts the hearing, a majority vote of the entire governing board is required to expel a student. The following due process requirements shall be observed with regard to the formal hearing:

(1) Notification of the charges shall be sent to the student's parents or guardians by certified mail.

(2) At least 3 days' notice of the time and place of the hearing shall be given. A copy of the expulsion policy, notice that legal counsel may represent the student and hearing procedures shall be included with the hearing notice. A student may request the rescheduling of the hearing when the student demonstrates good cause for an extension.

(3) The hearing shall be held in private unless the student or parent requests a public hearing.

(4) The student may be represented by counsel, at the expense of the parents or guardians, and may have a parent or guardian attend the hearing.

(5) The student has the right to be presented with the names of witnesses

against the student, and copies of the statements and affidavits of those witnesses.

(6) The student has the right to request that the witnesses appear in person and answer questions or be cross-examined.

(7) The student has the right to testify and present witnesses on his own behalf.

(8) A written or audio record shall be kept of the hearing. The student is entitled, at the student's expense, to a copy. A copy shall be provided at no cost to a student who is indigent.

(9) The proceeding shall be held within 15 school days of the notification of charges, unless mutually agreed to by both parties. A hearing may be delayed for any of the following reasons, in which case the hearing shall be held as soon as reasonably possible:

(i) Laboratory reports are needed from law enforcement agencies.

(ii) Evaluations or other court or administrative proceedings are pending due to a student invoking his rights under the Individuals With Disabilities Education Act (20 U.S.C.A. §§ 1400—1482).

(iii) In cases in juvenile or criminal court involving sexual assault or serious bodily injury, delay is necessary due to the condition or best interests of the victim.

(10) Notice of a right to appeal the results of the hearing shall be provided to the student with the expulsion decision.

(c) *Informal hearings.* The purpose of the informal hearing is to enable the student to meet with the appropriate school official to explain the circumstances surrounding the event for which the student is being suspended or to show why the student should not be suspended.

(1) The informal hearing is held to bring forth all relevant information regarding the event for which the student may be suspended and for students,

their parents or guardians and school officials to discuss ways by which future offenses might be avoided.

(2) The following due process requirements shall be observed in regard to the informal hearing:

(i) Notification of the reasons for the suspension shall be given in writing to the parents or guardians and to the student.

(ii) Sufficient notice of the time and place of the informal hearing shall be given.

(iii) A student has the right to question any witnesses present at the hearing.

(iv) A student has the right to speak and produce witnesses on his own behalf.

(v) The school entity shall offer to hold the informal hearing within the first 5 days of the suspension.

Notes of Decisions

Appeal

Decision of school district hearing officer to transfer student to alternative school for disruptive

students following informal hearing after student was suspended was not appealable local agency adjudication. *Tyson v. School District of Philadelphia*, 900 A.2d 990, 992 (Pa. Cmwlth. 2006).

Since the discipline imposed was not expulsion, but rather more school, *that is*, 15 minutes of after-school detention for 3 days, there is no provision for appeal of that decision. *Schmader v. Warren*

Due Process

Informal hearing process, following public school student's disciplinary suspension, was all process

that was due to student; student was not expelled from school district and bringing the full process of

judicial system within public school would overburden both the public school system and the courts.

Tyson v. School District of Philadelphia, 900 A.2d 990, 992 (Pa. Cmwlth. 2006).

Where the school board conducted a hearing at which the District's witnesses testified, and the student was represented by counsel who was given full opportunity to cross-examine the District's witnesses,

that proceeding provided sufficient discovery to satisfy the requirements of § 12.8(b)(1)(i)—

(ix). *J.S. v. Bethlehem Area School District*, 794 A.2d 936 (Pa. Cmwlth. 2002); appeal denied 818

Identical letters sent to a student and his parents, which provided that the recommendation for

expulsion was related to two incidents and specifically enumerated the facts surrounding the underlying

incidents, complied with due process requirements, where the letters specifically enumerated the

charges the school board was considering against the student. *Hamilton v. Unionville-Chadds Ford*

School, 714 A.2d 1012 (Pa. 1998).

Due process requirements must be observed in school hearings. Failure to notify the student of all

(3) School officials may require that notices or other communications be officially dated before posting, and that the materials be removed after a prescribed reasonable time to assure full access to the bulletin boards.

(g) School newspapers and publications must conform to the following:

(1) Students have a right and are as free as editors of other newspapers to report the news and to editorialize within the provisions in paragraphs (4) and (5).

(2) School officials shall supervise student newspapers published with school equipment, remove obscene or libelous material and edit other material that would cause a substantial disruption or interference with school activities.

§ 12.16. Definitions.

The following words and terms, when used in this chapter, have the following meanings, unless the context clearly indicates otherwise:

Corporal punishment—A form of physical discipline that is intended to cause pain and fear and in which a student is spanked, paddled or hit on any part of the body with a hand or instrument.

Governing board—The board of school directors of a school district, joint school committee of a joint school or joint vocational school, intermediate unit board of directors, or the board of trustees of a charter school or cyber-charter school.

Prekindergarten—A program operated by a school district or by a community agency under contract from a school district that is open to children who are at least 3 years of age and completed prior to the school district's entry age for kindergarten, unless individual exceptions to the age requirements are made by the school district.

Notes of Decisions

Personal Files

In that notes taken by the school district psychologist during interviews with fourth graders were not maintained for his use in counseling the pupils, the confidentiality concept of guideline # 2.4 does

not defeat the parents' right of access to the notes as was agreed prior to the interviews. *Parents*
