

3. Boundaries

General Attendance Boundaries

The following building attendance areas have been determined:

- Williams Township Elementary School
All students residing in Williams Township and students living in Glendon west of 25th Street
- Avona Elementary School
All students residing in West Easton, Zone 1-A of Wilson Borough and students living in Glendon east of 25th Street
- Wilson Borough Elementary School
Wilson Borough students from Zones 1-C and 1-D

However, all students who require special programming or special classes not available at all locations will be assigned to the building, which hosts the special class, regardless of attendance area boundaries.

Wilson Borough Zone 1-B

Students who reside in Wilson Borough Zone 1-B (a triangular section bounded by Butler Street, Freemansburg Avenue and 25th Street), will be assigned to either Avona Elementary School or Wilson Borough Elementary School for their elementary years. Assignments will be made using Hay Street as the midpoint divider in this area, with students to the north of Hay Street generally attending Wilson Borough Elementary School and students to the south of Hay Street generally attending Avona Elementary School. Administrative prerogative will allow assignment to either school to balance class sizes as per current Board of School Directors regulation.

Unforeseen Growth or Population Shifts

From time to time, population shifts may require assignment to a school outside the designated attendance area. In an effort to maintain the District goal of a 22-student class size maximum for grades K through 3, and a 25-student class size maximum for grade 4, the District will assign overflow students to a less crowded elementary school, and will bus those students if the distance so warrants.

Bus Transport for Elementary Schools

Residents of the following areas will have bus service:

- All residents of Glendon will be bused to Avona or to Williams Township.
- Residents of West Easton from the east side of Ridge Street eastward will be bused to Avona.
- Residents in zone 1-D of Wilson Borough, from the north side of Northampton Street north to the Borough Line, will be bused to Wilson Borough.

Students placed in special classes or programs in schools other than their attendance area school will be bused if distance so warrants.
