The Board shall make the District’s public records available for access and duplication to a requester, in accordance with law, Board policy and administrative regulations.

The Board shall designate an Open Records Officer, who shall be responsible to:

1. Receive written requests for access to records submitted to the District.

2. Review and respond to written requests in accordance with law, Board policy and administrative regulations.
3. Direct requests to other appropriate individuals in the District or in another agency.
4. Track the District's progress in responding to requests.
5. Issue interim and final responses to submitted requests.
6. Maintain a log of all record requests and their disposition.
7. Ensure District staffs are trained to perform assigned job functions relative to requests for access to records.

Upon receiving a request for access to a record, the Open Records Officer shall:

1. Note the date of receipt on the written request.
2. Compute and note on the written request the day on which the five-day period for response will expire.
3. Maintain an electronic or paper copy of the written request, including all documents submitted with the request, until the request has been fulfilled.
4. If the written request is denied, maintain the written request for thirty (30) days or, if an appeal is filed, until a final determination is issued or the appeal is deemed denied.

Requesters may access and procure copies of the public records of the District during the regular business hours of the administration offices.

A requester's right of access does not include the right to remove a record from the control or supervision of the Open Records Officer.

The District shall not limit the number of records requested.

When responding to a request for access, the District is not required neither to create a record that does not exist nor to compile, maintain, format or organize a record in a manner, which the District does not currently use.

Information shall be made available to individuals with disabilities in an appropriate format, upon request and with sufficient advance notice.

The District shall post at the administration office and on the District's web site, the following information:

1. Contact information for the Open Records Officer.
2. Contact information for the state's Office of Open Records or other applicable appeals officer.
3. The form to be used to file a request, shall be the state Office of Open Records request form.

4. Board policy, administrative regulations and procedures governing requests for access to the District's public records.

#### Request for Access

A written request for access to a public record shall be submitted on the required form and addressed to the Open Records Officer.

Written requests may be submitted to the District in person, by mail, to a designated facsimile machine, and to a designated e-mail address.

Each request must include the following information:

1. Identification or description of the requested record, in sufficient detail.
2. Medium in which the record is requested.
3. Name and address of the individual to receive the District's response.

The District shall not require an explanation of the reason for the request or the intended use of the requested record, unless otherwise required by law.

#### Fees

Except for the duplication fee established by the state, the Board shall approve a list of reasonable fees relative to requests for public records. The District shall maintain a list of applicable fees and disseminate the list to requesters.

No fee may be imposed for review of a record to determine whether the record is subject to access under law.

Prior to granting access, the District may require prepayment of estimated fees when the fees required to fulfill the request are expected to exceed \$100.

The Superintendent may waive duplication fees when the requester duplicates the record or the Superintendent deems it is in the public interest to do so.

#### Response to Request

District employees shall be directed to immediately forward requests for access to public records to the Open Records Officer.

Upon receipt of a written request for access to a record, the Open Records Officer shall determine if the requested record is a public record and if the District has possession, custody or control of that record.

The Open Records Officer shall respond as promptly as possible under the existing circumstances, and the initial response time shall not exceed five (5) business days from the date the written request is received by the Open Records Officer.

The initial response shall grant access to the requested record; deny access to the requested record; partially grant and partially deny access to the requested record; notify the requester of the need for an extension of time to fully respond; or request more detail from the requester to clearly identify the requested material.

If the District fails to respond to a request within five (5) business days of receipt, the request for access shall be deemed denied.

#### Extension of Time

If the Open Records Officer determines that an extension of time is required to respond to a request, in accordance with the factors stated in law, written notice shall be sent within five (5) business days of receipt of request. The notice shall indicate that the request for access is being reviewed, the reason that the review requires an extension, a reasonable date when the response is expected and an estimate of applicable fees owed when the record becomes available.

Up to a thirty (30) day extension for one (1) of the listed reasons does not require the consent of the requester. If the response is not given by the specified date, it shall be deemed denied on the day following that date.

A requester may consent in writing to an extension that exceeds thirty (30) days, in which case the request shall be deemed denied on the day following the date specified in the notice if the Open Records Officer has not provided a response by that date.

#### Granting Of Request

If the Open Records Officer determines that the request will be granted, the response shall inform the requester that access is granted and either include information on the regular business hours of the administration office, provide electronic access, or state where the requester may go to inspect the records or information electronically at a publicly accessible site. The response shall include a copy of the fee schedule in effect, a statement that prepayment of fees is required in a specified amount if access to the records will cost in excess of \$100, and the medium in which the records will be provided.

A public record shall be provided to the requester in the medium requested if it exists in that form; otherwise, it shall be provided in its existing medium. However, the District is not required to permit use of its computers.

The Open Records Officer may respond to a records request by notifying the requester that the record is available through publicly accessible electronic means or that the District shall provide access to inspect the record electronically. If the requester, within thirty (30) days following receipt of the District's notice, submits a written request to have the record converted to paper, the District shall provide access in printed form within five (5) days of receipt of the request for conversion to paper.

A public record that the District does not possess but is possessed by a third party with whom the District has contracted to perform a governmental function and which directly relates to that governmental function shall be considered a public record of the District. When the District contracts with such a third party, the District shall require the contractor to agree in writing to comply with requests for such records and to provide the District with the requested record in a timely manner to allow the District to comply with the law.

If the Open Records Officer determines that a public record contains information both subject to and not subject to access, the Open Records Officer shall grant access to the information subject to access and deny access to the information not subject to access. The Open Records Officer shall redact from the record the information that is not subject to access. The Open Records Officer shall not deny access to a record if information can be redacted.

If the Open Records Officer responds to a requester that a copy of the requested record is available for delivery at the administration office and the requester does not retrieve the record within sixty (60) days of the District's response, the District shall dispose of the copy and retain any fees paid to date.

#### Notification to Third Parties

When the District produces a record that is not a public record in response to a request, the Open Records Officer shall notify any third party that provided the record to the District, the person that is the subject of the record, and the requester.

The Open Records Officer shall notify a third party of a record request if the requested record contains a trade secret or confidential proprietary information, in accordance with law and administrative regulations.

#### Denial of Request

If the Open Records Officer denies a request for access to a record, whether in whole or in part, a written response shall be sent within five (5) business days of receipt of the request. The response denying the request shall include the following:

1. Description of the record requested.

2. Specific reasons for denial, including a citation of supporting legal authority.
3. Name, title, business address, business telephone number, and signature of the Open Records Officer on whose authority the denial is issued.
4. Date of the response.
5. Procedure for the requester to appeal a denial of access.

The Open Records Officer may deny a request for access to a record if the requester has made repeated requests for that same record and the repeated requests have placed an unreasonable burden on the District.

The Open Records Officer may deny a request for access to a record when timely access is not possible due to a disaster, or when access may cause physical damage or irreparable harm to the record. To the extent possible, a record's contents shall be made accessible even when the record is physically unavailable.

Information that is not subject to access and is redacted from a public record shall be deemed a denial.

If a written request for access to a record is denied or deemed denied, the requester may file an appeal with the state's Office of Open Records within fifteen (15) business days of the mailing date of the Open Records Officer's response or deemed denial.

Upon receipt of a written request for access, the Open Records Officer will determine if any one (1) of the following applies:

Certified Copies

If the Open Records Officer grants a request for access to a record and the requester requests a certified copy of the record for the purpose of legally verifying the public record, the Open Records Officer will provide a certified copy upon payment of the applicable, established fees by the requester.

District Does Not Possess Record

A request for a public record that the District does not possess but is possessed by a third party with whom the District has contracted to perform a governmental function and which relates directly to that governmental function must be submitted to the District's Open Records Officer.

If the Open Records Officer determines that the requested record is subject to public access, the Open Records Officer will respond and grant access in accordance with law, Board policy and administrative regulations.

The requester will pay the established duplication fee.

If the third party that possessed the requested public record duplicated the record in response to the request, the Open Records Officer will remit the fee to the third party.

The third party is not required to provide access to any other of its records.

After an adjudication becomes final, binding and nonappealable, a transcript of an administrative proceeding will be provided to a requester, and the established duplication fee will be charged.

#### Trade Secrets/Confidential Proprietary Information

When a third party provides a record to the District and includes a written statement signed by its representative that the record contains a trade secret or confidential proprietary information, the Open Records Officer will notify that third party of a request for access to that record.

**Trade secret** is defined as information, including a formula; drawing; pattern; compilation such as a customer list; program; device; method; technique; or process that derives independent economic value, actual or potential, from not being generally known to and not being readily ascertainable by proper means by other persons who can obtain economic value from its disclosure or use and is the subject of efforts that are reasonable under the circumstances to maintain its secrecy. The term includes data processing software obtained by the District under a licensing

agreement prohibiting disclosure.

**Confidential proprietary information** is defined as commercial or financial information that is privileged or confidential and the disclosure of which would cause substantial harm to the competitive position of the individual that submitted the information.

The Open Records Officer will provide notice within five (5) business days of receipt of the request. The third party will have five (5) business days from receipt of the Open Records Officer's notice to provide input on the release of the requested record.

The Open Records Officer will provide access to the record or will deny the request for access within ten (10) business days of providing notice to the third party and will notify the third party of the Open Records Officer's decision.

3. The Superintendent determines that the public interest favoring access outweighs any individual, District or public interest that may favor restriction of access.

#### Appeal of Denial of Access

A requester who is denied access to a requested record by the District will write to the Office of Open Records, 400 N Street, Harrisburg, PA, 17120, and mark the envelope Right-To-Know Appeal.

The District will not charge a fee for the Open Records Officer's review of a record to determine if the requested record is a public record subject to access under law, Board policy and administrative regulations.

The Open Records Officer will ensure that the District establishes, maintains and disseminates a current list of reasonable fees that requesters must pay in order to receive access to a requested record.

The District's established list of reasonable fees applicable to records requests will comply with the following restrictions:

1. Postage — fees will not exceed the actual mailing cost.
2. Duplication — fees for photocopying, printing from electronic media or microfilm, copying onto electronic media, transmission by facsimile or other electronic means, and other methods of duplication.

Duplication fees will be established and reviewed biannually by the Office of Open Records.

Duplication fees will be charged for a request by an individual employed by or connected with a newspaper or magazine of general circulation, weekly publication, press association, or radio or television station when the purpose of the request is obtaining information for publication or broadcast, and for a request by a nonprofit organization for the conduct of educational research.

3. Complex and Extensive Data Sets — fees for copying based on the reasonable market value of the same or closely related sets and include geographic information systems and integrated property assessment lists.

These fees do not apply to a request by an individual employed by or connected with a newspaper or magazine of general circulation, weekly publication, press association, or radio or television station when the purpose of the request is obtaining information for publication or broadcast, and for a request by a nonprofit organization for the conduct of educational research.

4. Certification — fees for official certification of copies if the certification is for the purpose of legally verifying a public record and is requested by the requester.
5. Conversion to Paper — duplication fees for a record maintained only electronically or in other non-paper media will be limited to the lesser of either the fee for duplication on paper or in the original media, unless the requester specifically requests that the record be duplicated in the more expensive medium.

6. Enhanced Electronic Access — fees for providing enhanced electronic access, but only to the extent that the enhanced electronic access is in addition to making the records accessible for inspection and duplication by a requester.

These fees may be a flat-rate fee, a subscription fee for a period of time, per-transaction fee, a fee based on the cumulative time of system access, any other reasonable method, or a combination of these.

These fees must be reasonable; may not be established with the intent or effect of excluding individuals from access to records or their duplicates or of creating a profit for the District; and must be approved by the Office of Open Records.

Except as provided by law, no other fees may be imposed unless the District necessarily incurs costs for complying with a request for a public record, and then such fees must be reasonable.
