

Wilson Area School District

Volunteer Coaching

The Wilson Area School District recognizes the value of adults who volunteer their time and expertise to assist paid coaches in the district. Those interested in offering such services should make application to the High School Principal and/or Athletic Director well in advance of the start of the particular sports season. Such applications should include the following:

- a. A letter of interest
- b. A resume/application which specifies the applicant's skills and pertinent experience
- c. A recommendation from the Head Coach, indicating the specific tasks with which the volunteer coach will assist or will be assigned
- d. The appropriate clearances as required by law, including but not limited to Act 34, State Police Clearance and Act 151, Department of Public Welfare Clearance, and Act 114 (FBI) clearance.

The Board will approve volunteer coaches who have administrative recommendation at the next regular Board Meeting. Volunteers, once appointed, serve at the will of the Head Coach, and may be released if their services are no longer needed.
