

## WILSON AREA SCHOOL DISTRICT

## POLICY #7

BAND

All requests for the use of the Band must be approved by the band members, the band director, the high school principal, and/or the superintendent of schools.

When the band plays for any organization, transportation must be furnished unless the place of engagement is within a reasonable walking distance from the high school.

When union bands are not available, school bands are permitted to participate. A fee will be set by the band director and/or superintendent of schools for professional engagements other than strictly charity appearances.

The band will be under the authority of the band director and/or the high school principal or his representative at all appearances.

When the request requires the band to remain out of Wilson Boro overnight, the consent of the School Board is also required.
